Note.—Contn. Sheet

Re-organisation of the Mysore Forest Div into two Independent Divisions.

File No. AFD39 F&G of 1964

Mysore Government Secretariat

Serial No.	
	From the C.C.F. letter no. A2-(B) 6448/63-64 dt 4/6-4-64 do — do — P41 to 45/C; P47 to 101/C
7	Minutes of the Mini for forests on P41/C. "This may be worked up & put up" (Sd) B. R 6/4 Mini for Fm
8	Pl peruse the C.C.F's letter dt 6-6-64 & two reports of the D.F.O. Mysore at P47 to 101/CF.
9	The reasons put forth by the C.C.F for the Reorganisation of the Mysore Forest Div into two independent Divisions is ~~as follows~~ i.e (i) "Mysore East Div" and (ii) "Mysore West Div". This includes the bifurcation of Chamarajanagar Range ordered in G.O. no. AFD 13 F&G 64 dt 29-2-64 flag 'P' P79/CF. (1). The Mysore Div as is existing now covers 19 units & with the existing set up, it is impossible to expect better results & effective administrative control (2) The existing staff pattern fixed years ago is much too inadequate to cope with the increased tempo of devel activities. (3) The proposal now made considering the mini necessity of having adequate no. of rounds & beats so that the subordinate executive staff attached to these units could well pay the deriv

Serial No.

attention to the several problems i.e afforestation, exploitation utilisation & protection of forest wealth without the mini complement of staff it would be well nigh impossible to effectively check the clandestine activities of smugglers in areas bordering the Kerala state.

(4) In order to take plantation works on a very large scale & tacked successfully in order to yield sustained results.

(5) The bifurcation now proposed involve extra expenditure to the tune of Rs 76,354/- but the anticipated income of Revenue is to the tune of 3 to 3½ lakhs annually and more than all, the indirect benifit of protecting the forest wealth which would otherwise be exposed to pilferage of valuable forest produce like Sandal, Timber etc from the areas bordering Kerala state, since greater vigilence & frequent reconnaisance of these areas can be had with the increased complement of staff.

(6) The dept can easily take up much larger areas annually for afforestation purpose with advantage by raising industrial & commercial woods to yield sustained results in due course.

10

In view of the above reasons the C.S.F proposes (1) the Reorganisation of

Note.—Contn. Sheet

Services Section-I.

13

The proposal in this file is to bifurcate the Forest Division Mysore into two Divisions i.e. Mysore West Division and Mysore East Division.

The main reasons given are :

(i) the existing Mysore Forest Division is spread over an area of 4,182 Sq. miles which is rather unwieldy for one administrative unit officer for purposes of inspection and management;

(ii) Smuggling both intra and inter-State has become rampant and it is necessary to check this in order to safe-guard the forest wealth;

(iii) As per recent Government directive, all uncultivable Revenue and Gomal Waste lands has to be taken over by the Forest Department for the purposes of aforestation;

(iv) If the bifurcation is sanctioned the additional expenditure will be about Rs.77,000/- as against which the anticipated increase in Revenue is to the tune of Rs. 3 to 3½ lakhs per year;

(v) Further, there will be the benefit of protecting the forest wealth which otherwise would be exposed to pilferage.

Note.—Contn. Sheet

Serial No. 14

Bifurcation of Forest Division or Forest Range to form smalle units is no doubt beneficial from the point of view of having effective control over the activities of the Forest Department and also to prevent smuggling of valuable forest produce. It is however necessary that the expenditure ratio should be kept as low as possible and it should not be high. No doubt the revenue in a Forest Division will be more than the expenditure, yet in a revenue earning Department like Forest Department the expenditure should be kept very low as far as possible, so that the Government may get maximum revenue.

15

In this particular case, it is seen in the statement at page 101 C.F. that after the existing Mysore Forest Division is bifurcated into Mysore East Division and Mysore West Division, the anticipated revenue of Mysore East Division is estimated at Rs.7,35,000/- and anticipated revenue of Mysore West Division is estimated at Rs.33,50,000. As against the anticipated expenditure of Rs. 5,93,000/-(about Rs.6 lakhs) in the future Mysore East Division the anticipated revenue is only 7,35,000/-. As regards Mysore West Division, anticipated expenditure is Rs.9,41,000/- as against the revenue of Rs.33,50,000. It is seen from these figures that in respect of Mysore East Division, the ratio between Revenue and Expenditure is 7:6 whereas in Mysore West Division it is 11:3. It may be that the expenditure for one or two years

Reorganisation of Mysore Forest Div. into two Independent Divisions.

8

Mysore Government Secretariat

18 MAY
AGRL. & FOREST DEPT. (REGISTRY)

to start with in Mysore East Division will be very high when compared with anticipated revenue, as it will take some years to execute the various works in a New Division and get actual returns. However, it is certainly not financially sound to spend about 90% of revenue in a Forest Division on staff and works. As such, F.D. would request the Department to examine this aspect and see whether the proposal cannot be revised by reducing the staff proposed for the Mysore East Division, or in the alternative deffer the proposal altogether for the time being. It may also be noted that after reorganising we have been sanctioning establishment on a large scale for Forest Department and it is desirable to keep down expenditure on staff at minimum.

A

P10316/05/c

1883
20/5.

17. The F.D's remarks may kindly be perused (vide Paras 13 to 15 of N 7) with regard to the proposed reorganisation of Mysore Forest Division into two Divisions. In the circumstances

Note.—Contn. Sheet

Reorganisation of Mysore forest Division in to two separate Divisions

File No. 1 of 196 Mysore Government Secretariat

AFD 39 FEG 64

Serial No.

explained therein F.D has suggested the desirability of revising the proposal with a view to reduce the staff for one of the divisions or in the alternative to defer the proposal altogether for some time.

DEPUTY SECRETARY TO GOVT. NO. 4338 21 MAY 1964 AGRICULTURE & FOREST DEPTT.

It may perhaps necessary to pursue the matter since Mysore Division is one of the biggest divisions difficult to handle by a single D.F.O. Hence we may request the C.C.F to send up revised proposals keeping the observations of F.D, rather than deffering the proposal. 18

Draft put up may be approved. 19

AGRICULTURE & FOREST DEPARTMENT No 3214 22 MAY 1964 GOVERNMENT OF MYSORE

20/5 21/5/64

(T. S. RAMAIYA),
V. P. KRISHNAIAH, Under Secretary to Government,
Principal Secretary Agriculture & Forest Department,
Agriculture and Forest Department.

See 21 The proposed Mysore East would have a reserve forest area of 265.38 sq miles while Mysore West would have 424.94 sq miles. While the income in respect of west is shown as Rs 33,50,000. East is shown as 7,35,000. How could there be such a disparity? What special features contribute

Reorganisation of the Mysore Forest Div. into two separate Divisions.

Mysore Government Secretariat

File No. AFD39FEG64 of 195 [App. F. III 2 10

Serial No.

to the disproportionately higher income in respect of West?

2) We have to compare the income and expenditure of the proposed division taken together as against income and expenditure of the present division to give an idea of the increased cost and use as F.D. has done taken the proposed division in isolation. What are the income and expenditure of the present set up.

3) Is the increase in staff proposed a consequence of bifurcation of divisions without any additional work such as taking over revenue forests, afforestatio etc or has the additional work to be taken in future taken in account and staff provided?

4) Is tare any reduction possible in staff? proposed, if so to what extent without comparing the efficiency expected to be obtained?

5) It is mentioned that consequent on bifurcation of the division Rs. 3 to 3½ lakhs would be the increased revenue? What are the ~~ex~~ that go up to the increase anticipation? Can fuller details be given?

6) Irrespective whether the Division is bifurcated or not, the expenditure on wireless establishment can be saved by doing away with it, As suggested ~~kapak~~ telephone facilities can be provided at Moolebole

A&F Dept.- Forest 'A' Section

The Chief Conservator of Forests has furnished certain additional information which has been called for for examining the issue relating to the bifurcation of the existing Mysore Forest Division into two new divisions. The same is at page 117 c/f, which may kindly be perused. He has indicated that the proposed bifurcation has been done taking into consideration the nature of the forest in the areas and the various Plan Programmes ~~the Plans~~ that are before the Government with regard to ~~for~~ afforestation ~~works~~ purposes and also the scope giving scope regarding ~~for~~ taking over of the Revenue Forests in these areas etc. In his reply, vide para 3 of PUD, he has clarified that the Wild Life Unit will not be abolished. On the other hand he has stated that the Wild Life Officer who is at present has no ~~not having~~ full time work, will hereafter ~~only~~ serve also as Assistant to the D.F.O. the Mysore East Division in addition to his normal duties as Wild Life Officer.

Note.—Contn. Sheet

[App. F. III 2

Serial No.

East Division to be formed. It is seen that the revenue for the year 1963-64 for the existing Mysore Division was Rs.44 lakhs (Vide page 118 c.f.) and as against this, the anticipated revenue for the new Divisions(Mysore East and Mysore West) after bifurcation is estimated at Rs.41 lakhs(Vide page 101 c.f.). Secondly, the expenditure on the existing Mysore Division for the year 63-64 was Rs. 7.2 lakhs whereas the future expenditure on the Mysore East Division is estimated at Rs.5,93,000/- and for the Mysore West Division at Rs.9,41,000/-. When the expenditure for the existing Division is only Rs.7.2 lakhs, it is not understood how after bifurcation of the Division the expenditure on Mysore West Division alone would come to Rs. 9,41,000/-.

35 The Department, however, has proposed additional staff as per details in pages 93 to 95 c.f. resulting in an extra cost of Rs.76,354/- per annum on establishment alone. Apart from the expenditure on establishment, there is also heavy expenditure on Conservancy and works, Travelling Allowances and Contingencies which may come to about Rs. 3 to 4 lakhs in a year. The total expenditure on the two Divisions after bifurcation will be about Rs. 15 lakhs per annum as against the existing expenditure of about Rs. 7.8 lakhs per annum. The anticipated increase in revenue is estimated at Rs. 3 to 3½ lakhs per annum. It is not known how the extra revenue of 3 to 3½ lakhs of rupees is anticipated when the

1-16-18 lakhs!!
20 lakhs, with

Mysore Government Secretariat

Serial No.

expenditure is going to rise from Rs. 7.2 lakhs per annum on the existing Division to Rs.15 lakhs per annum after the bifurcation of the existing Division. In fact, as seen from the statement at page 101 c.f., the probable revenue of the two Divisions after bifurcation will be about Rs. 41 lakhs as against the existing revenue of Rs. 44 lakhs. This shows that the revenue will decrease by 3 lakhs and the expenditure will increase by about 8 lakhs. Therefore, the total decrease will be a out Rs. 10 to Rs. 11 lakhs per annum. It is, therefore, not clear how the Department anticipates increase in revenue of 3 to 3½ lakhs per annum.

A&F. Department is requested to clarify discrepancies in figures as indicated above. 36

		P883 20/x 21/10
		Secy
		JR 23/10/64
		(P. S. RAMAIYA), Under Secretary to Government to Forest Department
	43	The expenditure of 7.2 lakhs is seen in CCF's letter at 118/CF. while DFO says this figure is wrong and should be 17 lakhs at 149/CF. The CCF ~~now explains~~ it by saying that this 7.2 lakhs relates ~~purely~~ to the new plan expenditure. F.D. This argument is not convincing. Para 'A' at 118/CF clearly mentions that the statement pertains to income and expenditure and does not allow any inference that it relates to new plan expenditure only. The CCF's earlier letter was obviously not well thought out. DFO's letter says that 7.2 lakhs was obviously a mistake and it should be 17 lakhs.
	44	x at ~~145~~ 123/CF is intriguing. It says that from 1963-64 44 lakhs would be the

6801 23 OCT 1964 GOVERNMENT OF MYSORE

Note.—Contn. Sheet

revenue against 17 lakhs as expenditure while at 'A' at 131/CF., the allotment of revenue in 1964-65 is given as 47-48 lakhs. What is the anticipated expenditure? Is it in 1964-65 the same as 1963-64, (i.e.) 17 lakhs or more?

At 135/CF, DFO says "there is no possibility to get increased revenue due to being away also as no fresh activities are taken up or fresh revenue sources are tapped" while CCF in 149/CF (PWD) mentions in the concluding para "the anticipated increase in revenue due to the effective working and systematic management of the independent divisions will be of the order of 3 to 3½ lakhs per annum". These two statements are contradictory.

45 I am sorry to say the case bulletin presented to RD leaves much to be desired. No wonder RD has not been able to help us. The CCF should have bestowed greater thought and instead of merely envorsing DFO's letters worked out a clear cut self contained proposal and forwarded it to us.

46 ~~There~~ A meeting is proposed to be held at Mysore on 13th in connection with supply of fuel to Sandalwood Oil factory. CCF and I have to attend the meeting along with Sec R.D. I would like to discuss this file with DFO and CCF at Mysore so as to put forth a clear cut proposal to R.D by drafting a note.

47 D.S may also go thro' and say whether there are any further clarifications that are necessary before the meeting

16/1/65

Reorganisation of the ~~Mys.~~ Mysore Forest Div. into two Divisions.

Serial No.

56 With reference to F.D's remarks indicated in paras 34 to 36 NF in order to get a clear picture and to know the correct position and also in view of the urgency, the matter was discussed by me with the CCF and D.F.O, Mysore on 8th Jan. 1965.

57 As against the anticipated revenue of Rs.43,48,000/ there is likelihood of increase in the event of Mysore Forest Division being bifurcated by Rs.3 to 3½ Lakhs.

58 The expenditure during 1963-64 indicated as Rs.7.2 lakhs is ~~wrong~~ incorrect and actual expenditure is Rs.17 lakh Indication of expenditure of Rs.7 lakhs instead of Rs.17 lakhs has brought ~~only~~ this confusion.

59 The extra expenditure towards additional staff, contingencies etc., is anticipated ~~to~~ at Rs.80,000/- (approximately).

60 The increase in expenditure between what is incurred in the existing set up and the set up contemplated in this Division after bifurcation would ~~approximately~~ be to the tune of Rs.70,000 to 80,000. It is also visualised by the C.C.F. that additional revenue of not less than 3 lakhs would be achieved by following the under-mentioned activities:-

(1) By exploiting untapped resources by more supervision and systematic exploitation like bamboos etc., in areas like Ainur Marigudi(which has not been exploited yet) and B.R.T. Hills and similar such ranges;

(2) By taking more effective and systematic planations of Sandalwood, Bamboos etc;

Note.—Contn. Sheet

(3) At present this Division has 19 ranges as against the normal 7 to 8 Ranges in every division. Hence effective control and management is found to be very difficult in view of the large number of ranges in this division.

(4) Besides, special attention should be given to Bandipur Game activities. Unlike other Divisions, D.F.O. of this Division has to devote attention to Bandipur Wild Life Sanctuary which attract large number of Foreign Visitors and V.I.Ps who take keen interest in Wild Life. Besides, the Wild Life Board has laid great emphasis on the development of Bandipur Sanctuary which itself needs the full time attention of a Divisional Forest Officer.

(5) Thousands of acres of Eucalyptus plantaions are to be raised in Mysore Forest Division to meet the demands of M/s National Rayon Corporation and other industries. There is likelihood of N.R.C. setting up an industry at Nanjanagud which requires large quantities of raw materials in the shape of Eucalyptus since they have given up their requirement of bamboos in favour of Eucalyptus. As this would also cater to the needs of Rayon Factory, it is quite necessary to raise large scale - 7000 acres of Eucalyptus plantations which can be done only if there is effective supervision and reinforcement of staff.

(6) M/s Kasturi Papers Ltd., of late, have decided to start their factory near Nanjanagud and a Government Order has been issued ensuring them supply of bamboos, lops and tops and Eucalyptus. This warrants dependence not only on bamboos that would come by

Reorganisation of the Mysore Forest Div into two Divisions

Serial No.

regeneration but also for extension of Bamboos Eucalyptus plantations on a very large scale.

(7) The entire raw materials of forest based industries in that belt depends on systematic and effective exploitation of forests in that area (large regeneration) which can be accomplished only when the existing forest division is bifurcated.

61 In view of systematic working of the Forest Division and also with a view to increase the revenues of the department in a manner, it is quite necessary to bifurcate the existing Mysore Forest Division as per proposal given by the C.C.F. F.D. may kindly give their concurrence urgently so that action may be taken to have the existing division bifurcated into 2 divisions witheffect from 1-4-1965 - next financial year.

(G.S. SRINIVASAN), 21/7/65
SECRETARY TO GOVERNMENT,
AGRICULTURE AND FOREST DEPARTMENT.

Shri N.S. Bharath,
Dy.Secy. F.D.

For perusal.

66 Original proposal of the C.C.F in his letter D 6-4-64 P47/C is for the bifurcation of the Mysore Forest Div into two independent territorial divisions, one named as Mysore East Div & Mysore West Div with the head quarters for both the divisions at Mysore. According to the said proposals there will be an extra cost of Rs 7635/- only. In the said proposal it has proposed to abolish the ~~two posts of A.C.F.~~ the

Note.—Contn. Sheet

Reorganisation of Mysore Forest Div.

File No. AFD39 FEG of 1964.

Mysore Government Secretariat

Serial No.

following posts.

(1) A.C.Fs. — 2

(2) Game Rangers — 2

3) Game Supervisors — 3

4) Game watchers — 45

5) Second Div. Clerk — one.

(6) 9 posts attached to the wireless unit. (one police Inspector, 4 posts of Signallers one post of Mechanic & 3 posts of Helpers)

It was also proposed to appoint the 45 Game watchers to be retrenched as that of Forest Guards as their scale are of one & the same. whenever the services of Game watchers are required the same officials who are working as Guards ~~will~~ can be utilised as Game watchers temp. 67

The revised proposal submitted by the C.C.F for the bifurcation of the Mysore Forest Div. into two independent Territorial Divisions one named as Mysore North Div. with Mysore as Head Quarters & the Mysore South Div. with Ranjan Gud as Head Quarters. 68

As per the revised proposal now submitted by the C.C.F, contemplate the retention of the wireless unit with the existing personnel instead of abolishing as proposed in ~~the~~ his original proposal and the extra cost ~~involved~~ amounting to Rs 10,140-00 (say Rs 10,000) thus raising the extra expenditure on bifurcation of the Mysore Div. from Rs 76,354/- to Rs 86,494/- 69

Note Continuation Sheet

Subject: Reorganisation of the game Forest Dy. File No. AR DS 89 FE 66

Reference and markings	Notes and Orders.	Para Numbers
	As re- the issue of merger of wild life unit with the territorial Dy. the C.C.F is of opinion that if the unit should be merged with the regular territorial Dy & attached to the newly created reserve forest Dy. ie Ranganathpur Dy & the wild life officer is to work as Asst to D.F.O & wild life officer in order to have the proper co-ordination between the territorial staff & wild life staff & to make the tourist centre (Bandipur Game Sanctuary) more enjoyable to tourists. He also invites reference to G.O. No. FD 6-2 [illegible] vide para 7 of the said G.O which relates the maintainance of Tiger preserves & wireless unit as a liability of the State Govt. The C.C.F is of opinion that even if the merger of the wild life unit does not come in the way of privileges enjoying by H.H. the Maharaja of Mysore in respect of Shikar etc by the unit & the same facilities would be extended as here to fore. The C.C.F left to the decision of Govt in view of letter from the Huzur Secy	70

Note Continuation Sheet

Subject Reorganisation of Mysore Forest Division

File No. AFD 39 FEG 64

Reference and markings	Notes and Orders.	Para Numbers
	A&F Dept.-Forest 'A' Section -oOo- F.D.had agreed in para 62 n/f to the bifurcation of Mysore Division into two divisions as per the recommendations which had been worked up and sent to them for concurrence. Subsequently the CCF on the advice of the present D.F.O.,Mysore and in consultation with the Hon'ble Minister for Forests thought it desirable to modify the proposals which had been sent to them earlier so far as jurisdiction of these two divisions are concerned. Please see page 157 c/f. On this letter, the Secy.,A&FD has been pleased to note as follows:- "G.O.may be issued as per therevised jurisdiction. CCF & DFO tell me Minister has agreed. After issue of G.O. may be put up to Minister for information Intd.G.S. 12/3/65" Since the CCF has stated that there was no over-all change in respect of revenue and expenditure position according to the revised proposal now sent excepting jurisdiction of of this division, it was felt very easy to put up draft G.O. immediately. But while examining these proposals, it was found certain additional details with regard to grouping of beats, re-shuffling of Ranges and distribution of staff in each Range were felt wanting and therefore immediate action was taken to contact the CCF and the concerned	72

Stitching space

Reference and markings	Notes and Orders.	Para Numbers

authorities to furnish the above particulars. ~~Thus,~~ They have furnished this information vide CCF's D.O.letter dated 22-3-1965 addressed to the Dy.Secy. A&FD (page 167 c/f) which may kindly be perused. It is now seen that in order to put up draft G.O., orders on following points are required and it might be necessary to show this once again to the Finance Department after decisions are taken on the administrative side:-

(1) The revised proposal envisages the retention of the Wireless Units which had been recommended for abolition in the earlier proposals, in view of the reasons given in para 2 of PUD. The CCF feels that it is desirable ~~not~~ to continue this unit as additional annual expenditure would be required for this purpose to the tune of Rs.10140/-. In view of the arrangements to be made for the shikari of H.H.Maharaja of Mysore from time to time and also in view of the utility of this unit, we may agree to this expenditure as there ~~it~~ is also an obligation on the part of the Government to meet ~~made~~ this expenditure as envisaged in G.O. dt.6-2-51 (Flag T-item 7);

(2) In the original proposals, the Wild Life Unit had been suggested for being merged with the regular territorial division as it was felt necessary that there was no whole time work for the Wild Life Officer and other

Stitching space

Reference and markings	Notes and Orders.	Para Numbers
	staff attached thereto and as there was not much co-operation between the wild life staff and territorial staff. The CCF feels that it is very necessary for the merger of the unit in the re-organised set up and to have this unit attached to the Mysore South Division which would be styled as Nanjanagud Division in the new set up. He has stated that even with this arrangement, all the facilities that were being extended to H.H.Maharaja of Mysore in respect of Shikari etc. by the Wild Life Unit would be continued to be extended as heretofore, and there may not be ~~no~~ any need to continue this unit as a separate unit. But in view of the letter from the Huzur Secretary to H.H.Maharaja of Mysore who has desired that this unit may be kept untouched while effecting bifurcation, The CCF has left this matter to Government to take a decision as to whether the wild life unit should be retained as a separate unit as it is existing now or whether it should be merged in one of the territorial divisions.	
	If the first alternative is accepted then the present Wild Life Officer cannot act as an A.C.F. attached to the D.F.O. and we will have to make separate arrangement by increasing the staff to a little extent enhancing the expenditure by another Rs.4471/- per year, as indicated by the CCF. If we want	73

Stitching space

Note Continuation Sheet

Subject Reorganisation of Mysore. Forest Division

File No. AFD 35 FEG 64

Reference and markings	Notes and Orders.	Para Numbers
	to keep wild life unit as a separate one as at present, then we will have to retain one more A.C.F. instead of retrenching the post if the other alternative is accepted. In view of the letter of the Huzur Secretary to the H.H.Maharaja of Mysore, it appears desirable to keep this unit as a separate unit since the cost will not be much. 25/3/65 (T.S.Ramaiya) Under Secy.,A&FD.	
DY.SECY.(A&FD)	(24) 25/3/65	
SECRETARY(A&FD)	Discussed with Hon'ble Minister. We may agree to the proposals submitted by CCF and send the file to FD for concurrence. However such a ACF's post at Sharavathinagar as office is being abolished, the headquarters of the Mysore Sanctuary will be located at Sharavathinagar and the buildings that are being used by ACF be placed at the disposal of DFO. The wild life unit will continue as separate unit as hitherto. Approved (26) 27/3/65 By Secy F.D (Budget) 78 agrees to the proposals. (A&F(1))	27/3/65 27/3/65 27/3/65 27/3/65 G. S. Vidhana Soudha,
Bangalore.

Sir,

Sub:-Reorganisation of Mysore Forest Division into two independent Divisions - proposals regarding sanction for.

Ref:-Your No.AFD 39 FNG 64 dated 9-3-1964.

This may be worked up and put up

I enclose herewith copies of the two reports of the Divisional Forest Officer, Mysore (No.EST.52-122/62-63 dated 7-2-1964 and 29-2-1964) received in the above connection along with the enclosures and add that I had requested both the Conservator of Forests, Mercara and the Divisional Forest Officer, Mysore to discuss the above subject with me here on 2-3-1964. But as the Conservator of Forests was on Casual leave, he could not be present here on 2-3-1964. I have discussed the matter in great detail with the Divisional Forest Officer, Mysore.

6/4/64

RACHAIAH
Minister for Forests,
Fisheries and Agriculture.

S. A&F)

2. The Divisional Forest Officer in his enclosed reports has dealt with at great length the immediate necessity for the bifurcation of this Division into two independent units, i.e. one named as "Mysore East Division" and the other named as "Mysore West Division". The headquarters of both the Mysore East and West Division will continue at Mysore. The Division as is existing now covers 19 units as is verifiable from the enclosed reports and with the existing set up, it is impossible to expect better results and effective administrative control.

3. The proposal now made covers the bifurcation of Chamarajnagar Range ordered in Government order No.AFD 13 FNG 1964 dated 29-2-1964. It is to be submitted here that the existing staff pattern fixed years ago is much too inadequate to cope up with the increased tempo of developmental activities. These proposals have been made considering the minimum necessity of having adequate number of Rounds and Beats so that the subordinate executive staff, attached to these units, could well pay the desired attention to the several problems i.e. afforestation, exploitation utilisation and protection of forest wealth. Without this minimum complement of staff, it would be well nigh impossible to effectively check the clandestine activities of smugglers in areas bordering the Kerala State. Moreover plantation works on a very large scale cannot be taken up and tackled successfully in order to yield sustained results.

4. The Divisional Forest Officer's report dated 29-2-64 discloses the composition of the proposed two Divisions as under:

(A) MYSORE EAST DIVISION - Mysore as headquarters.

(a) Units - administrative

1. Bandipur Range
2. Chamarajnagar Range.
3. Punjur Range
4. B.R.T. Range.
5. Mysore Range
6. Mandya Range
7. Nagamangala Range.

(b) This Division will have 19 Rounds and 70 Beats as against the existing 11 Rounds and 41 Beats for the area covered.

(c) Will have 265.38 square miles of Reserve Forests.

(d) Will cover a geographical land area of 2996 square miles of 12 (twelve) different talukas.

(e) Out of 355 square miles of land area of Gundlupet taluka, 125 sq.miles of land area lies in this Division.

(f) Out of 372 square miles of land area of Nanjangud taluka, 250 sq.miles lie in this Division.

(g) The existing Divisional Squad at Mysore will be attached to this Division and the jurisdiction of this Squad will cover both the Divisions.

(B)MYSORE WEST DIVISION- Headquarters Mysore.

(a) Units - administrative.

1. Gundlupet Range
2. Ainurmarigudi Range.
3. Heggadadevanakote Range
4. Kakankote Range.
5. Begur Range.
6. Hediyal Range.
7. Government Sandal Koti and Wood Yard, Mysore.
8. Central Depot, Yerehalli
9. Veterinary Inspector incharge of Elephants.

(b) This Division will have 20 rounds and 95 beats as against the existing 9 Rounds and 44 Beats for the area covered.

(c) Will have 424.95 sq.miles of the Reserve (State) Forests.

(d) Will cover a geographical land area of 1186 sq.miles of three different talukas.

(e) Out of 355 sq.miles of land area of Gundlupet taluk, 230 sq. miles lie in this Division.

(f) Out of 372 sq.miles of land area of Nanjangud taluka, 122 sq. miles of land lie in this Division.

(g) The Veterinary Inspector in charge of Elephants and his staff will be attached to this Division.

5. With the acceptance of these proposals and the absorption of the existing staff of Mysore Division, the sanction of the marginally noted additional staff is a must for the proper administration, afforestation, uptodate maintenance of accounts and protection of forest wealth from being exposed to illicit removals. Although the extra cost involved in these proposals is indicated Rs.157908/- per annum, it gets reduced to Rs.76354/- in view of the proposed abolition of two posts of Assistant Conservators of Forests, two posts of Game Rangers,

Deputy Conservator of Forests	One (1)
Range Forest Officers	Two (2)
Accountant I Grade	three (3)
Accountant II Grade	Two (2)
Second Division Clerks	Ten (10)
Typists	three (3)
Draughtsman	Two (2)
Surveyors	Two (2)
Attenders	Two (2)
Foresters	twenty one (21)
Forest Guards	forty-seven (47)
Forest Watchers	Seven (7)
Peons	One (1)
Conservancy works.	
Accountants II Grade	three (3)
Peon	One (1)

three posts of Game Supervisors, fortyfive Game Watchers, one Second Division Clerk and nine posts attached to the Wireless Unit (one Police Inspector, four posts of Signallers, one post of mechanic and three posts of helpers). In view of the fact that the scale of Game Watchers is the same as that of Forest Guards, these would be absorbed as Forest Guards and distributed round about the Bandipur area so that when ever their services are required, they can be utilised as Game Watchers temporarily. Bandipur is now connected with all places by telephone and there is therefore no necessity of having the Wireless units. If need be the Department may go in for the installation of a telephone at Moolehole, another stratagic point and all this would be enough. This issue interalia further reduces the annual expenditure by about another Rs.4000/- that the Department is incurring with the payment of the relative amount to the Mysore Palace on the purchase of ancilliaries, petrol, oil and salary of the Driver for the wireless Van. These proposals also include the merger of the Wild Life Unit also under the respective territorial unit officers.

6. As against the anticipated additional expenditure of Rs.76354/- on the extra staff, it would be possible for the Department under the new set up to give an additional revenue of about three to three and a half lakhs of rupees than what we have been realising annually. The revenue realisations and the relative expenditure incurred by the Department in Mysore Division during the last three years is indicated in the margin. The annual additional expenditure of about Rs.77 thousand is small compared to the anticipated increase in revenue to the tune of Rs. 3 to 3½ lakhs annually and more than all, the indirect benefit of protecting the Forest wealth which would otherwise be exposed to pilferage of valuable forest produce like Sandal Timber etc. from the areas bordering Kerala State, since greater vigilance and frequent reconnaisance of these areas can be had with the increased complement of staff. Besides, the Department can easily take up much larger areas annually for afforestation purposes with advantage by raising industrial and commercial woods to yield sustained results in due course.

Year.	Revenue in lakhs. Rs.	Expenditure in lakhs. Rs.
1960-61	34.71	5.36
1961-62	38.02	7.47
1962-63	38.33	7.10

7. In his report dated 29-2-1964, the Divisional Forest Officer has correctly pointed the futility of having an independent post of Wild Life Officer in the existing circumstances. I agree with his suggestion and request that the present incumbent who has been functioning as the Wild Life Officer and who is also an Assistant Conservator of Forests be better attached to the Divisional Forest Officer, Mysore (East Division) as an Assistant since he being a Forest Officer can also attend to Wild Life Problems and duties in the Division.

8. In the circumstances explained, I recommend consideration of the above proposals for the immediate bifurcation of the existing Mysore Forest Division into two independent units as above said and request early sanction.

9. A map of the existing Mysore Division indicating the above bifurcation proposals is also submitted herewith for perusal.

Yours faithfully,

-Sd-

Chief Conservator of Forests.

OFFICE OF THE
CHIEF CONSERVATOR OF FORES
IN MYSORE, BANGALORE.
Dated, 4th April 1964.

The Secretary to Government,
Agriculture & Forest Department,
Vidhana Soudha,
Bangalore.

MYSORE GOVT. SECRETARIAT
No. 1664-F/A
7 APR 1964
AGRL & FOREST DEPT. (REGISTRY)

Sub:-Reorganisation of Mysore Forest Division int
two independent Divisions - proposals regard
sanction for.

Ref:-Your No.AFD 39 FNG 64 dated 9-3-1964.

I enclose herewith copies of the two reports of t
Divisional Forest Officer, Mysore (No.EST.52-122/62-63 date
7-2-1964 and 29-2-1964) received in the above connection al
with the enclosures and add that I had requested both the
Conservator of Forests, Mercara and the Divisional Forest
Officer, Mysore to discuss the above subject with me here o
2-3-1964. But as the Conservator of Forests was on Casual
leave, he could not be present here on 2-3-1964. I have
discussed the matter in great detail with the Divisional
Forest Officer, Mysore.

2. The Divisional Forest Officer in his enclosed rep
has dealt with at great length the immediate necessity for
bifurcation of this Division into two independent units, i.
one named as "Mysore East Division" and the other named as
"Mysore West Division". The headquarters of both the Mys
East and West Division will continue at Mysore. The Divi
as is existing now covers 19 units as is verifiable from t
enclosed reports and with the existing set up, it is impos
to expect better results and effective administrative cont

3. The proposal now made covers the bifurcation of
Chamarajnagar Range ordered in Government order No.AFD 13
1964 dated 29-2-1964. It is to be submitted here that the
existing staff pattern fixed years ago is much too inadequ
to cope up with the increased tempo of developmental activ
These proposals have been made considering the minimum
necessity of having adequate number of Rounds and Beats so
that the subordinate executive staff, attached to these un
could well pay the desired attention to the several proble
i.e. afforestation, exploitation utilisation and protectio
forest wealth. Without this minimum complement of staff,
would be well nigh impossible to effectively check the
clandestine activities of smugglers in areas bordering the
Kerala State. Moreover plantation works on a very large s
cannot be taken up and tackled successfully in order to yi
sustained results.

4. The Divisional Forest Officer's report dated 29-
discloses the composition of the proposed two Divisions as
under:

(A) MYSORE EAST DIVISION - Mysore as headquarters.

(a) Units - administrative

1. Bandipur Range
2. Chamarajnagar Range.
3. Punjur Range
4. B.R.T. Range.
5. Mysore Range
6. Mandya Range
7. Nagamangala Range.

.....

46 49

(b) This Division will have 19 Rounds and 70 Beats as against the existing 11 Rounds and 41 Beats for the area covered.

(c) Will have 265.38 square miles of Reserve Forests.

(d) Will cover a geographical land area of 2996 square miles of 12 (twelve) different talukas.

(e) Out of 355 square miles of land area of Gundlupet taluka, 125 sq.miles of land area lies in this Division.

A.

(f) Out of 372 square miles of land area of Nanjangud taluka, 250 sq.miles lie in this Division.

(g) The existing Divisional Squad at Mysore will be attached to this Division and the jurisdiction of this Squad will cover both the Divisions.

(B)MYSORE WEST DIVISION- Headquarters Mysore.

(a) Units - administrative.

1. Gundlupet Range
2. Ainurmarigudi Range.
3. Heggadadevanakote Range
4. Kakankote Range.
5. Begur Range.
6. Hediyal Range.
7. Government Sandal Koti and Wood Yard, Mysore.
8. Central Depot, Yerehalli
9. Veterinary Inspector incharge of Elephants.

B.

(b) This Division will have 20 rounds and 95 beats as against th existing 9 Rounds and 44 Beats for the area covered.

(c) Will have 424.95 sq.miles of the Reserve (State) Forests.

(d) Will cover a geographical land area of 1186 sq.miles of thre different talukas.

(e) Out of 355 sq.miles of land area of Gundlupet taluk, 230 sq. miles lie in this Division.

(f) Out of 372 sq.miles of land area of Nanjangud taluka, 122 sq miles of land lie in this Division.

(g) The Veterinary Inspector in charge of Elephants and his stai will be attached to this Division.

5. With the acceptance of these proposals and the absorpt -ion of the existing staff of Mysore Division, the sanction of t

1 Deputy Conservator of Forests	One (1)	the marginally noted additional staff is a must for the proper administration, afforestation, uptodate maintenance of accounts and protection of forest wealth from being exposed to illicit removals. Although the extra cost involved in the

No. RST. 52.122/6263

29-2-64

To

The Chief Conservator of Forests
in Mysore, Bangalore

Sir,

Subject: Revised proposals with regard to recasting of the management units of the Mysore Forest Division (Ranges) into two independent Forest Divisions -

...

Further to this office letter of even No. dated 7-2-64 submitting proposals for recasting of the management units of the present Mysore Forest Division into two independent Forest Divisions indicating the extra staff required and the financial implications thereof, I submit herewith in duplicate proposals for the reduction of the extra cost involved in the bifurcation of the Division into two independent Forest Divisions. The Wild Life Unit till 1949 was under the control of a Deputy Conservator of Forests (then Game Preserves Officers) who was direct subordinate to the Chief Conservator of Forests in Mysore, Bangalore. Consequent on the retirement of the then Game Preserves Officer (Shri D.N. Neelakanta Rao), the Wild Life Unit is being managed by an Assistant Conservator of Forests (Wild Life Officer). Though the Wild Life Unit is part and parcel of the Department, it is being treated as a separate unit for all practical purposes of administration as a consequence of which there is no proper understanding and coordination between the Game staff and the territorial staff at subordinates level, which, quite often does not contribute to the smooth running of the administration.

Some of the tiger blocks in the Heggadadevankote Sub Division have been abolished as a consequence of which there is not ~~[illegible]~~ ~~ex~~ much work for the Game staff, except arranging ~~[illegible]~~ shikar for His Highness very occasionally or when any Very Important Person visits the State. Such occasions are becoming few and far between.

In order to effect better cooperation between the territorial staff and the game staff, I venture to suggest that the Wild Life Unit should be merged with the regular establishmen

under the respective territorial unit officers and if this proposal is accepted there will be further reduction of expenditure on the extra staff proposedto be sanctioned. The Wild Life staff including the Assistant Conservator of Forests can be amalgamated with the respective territorial staff as detailed below.

The Wild Life Officer will be Ex-Officio Assistant to the Divisional Forest Officer, Mysore East Division and will also discharge territorial functions like check measurement of the works carried out by the Range Forest Officers in the Division. He is essentially a Forest Officer and can discharge the Wild Life duties in addition to office and field works.

Since the Game Range Officers have been equated with t Second Grade Range Forest Officers, these two Game Range Officers can be amalgamated with the regular staff and absorbed against the two extra posts asked for.

The three Game Supervisors whose scales of pay have been equated with that of the Foresters, they can be absorbd against three of the twenty-one extra posts asked for. To effect maximu economy in the extra expenditure necessitated by thi bifurcatio proposal, the number of proposed staff is further pared and the barest minimum consistent with efficiency and effective protectio is proposed in the annexure No. I appendhento.

One clerk and four peons can be absorbed against the posts asked for. So also two first grade Lanatchers and second grade Game Watchers can be absorbed against the extra posts of Forest Guards asked for. These Watchers who all be absorbed as Forest Guards will be posted the terri like Bandipur and part of Gundlupet and Nanjangu where they will be having more of Game du in a other regular forest works.

At present the Forest Wireless Sta in charge of Police Inspector who is a l Police Department. The Wireless staff Inspector, two Class I signallers, two Mechanics and three Helpers. At Ortpen Forest Wireless sets of which two sets

two sets are small (moving). Out of the four sets only two are in working condition and the remaining two sets have become completely obsolete whose spare parts are not available even with the manufacturers. As such there is no prospect of bringing these sets into working condition. Other two sets have also become very old and with the continuing difficulty of getting spare parts, these sets may also go out of order any time. To replace this by new ones heavy capital investment will be necessary which in the context of emergency will be hardly appropriate looking to the very limited and occasional use in shikar etc. Now that Bandipur and Heggadadevankote are connected with telephone, game movements can be transmitted by phone to Mysore. There does not appear to be any justification to maintain the Wireless staff for this purpose and earlier this establishment is wound up, the better. I therefore, suggest that it is better to abolish the Forest Wireless Station and dispose of the sets instead of incurring heavy amount for the purchase of the new ones where there is no proper justification for it. As a measure of abolition of the Forest Wireless Unit there will be a net savings of about Rs.15,000/- per year.

If the above economy measures are accepted, the net extra cost on account of the bifurcation of the present Mysore Division will be Rs.76,354/- per year. The protective staff of the Division especially along the Kerala border where there is smuggling of Sandal and Rosewood is extremely limited and cannot ensure adequate protection. With the increase in protective staff smuggling is bound to be reduced and this extra expenditure can be easily made good by better protection of the State's ~~revenues~~ resources. The bifurcation will also enable the Divisional Forest Officers to give more time for field inspections which is bound to bring about better result in the large scale afforestation-cum- soil conservation and other developmental works which the Department has to take up and their better performance by itself can easily out-weigh in the long run the extra expenditure involved.

Yours faithfully,

29/2

(G.H. Ravinkurve)
Divisional Forest Officer
Mysore Division

Divisional Forest Officer
Mysore Division, Mysore.
Dated the 7-2-1964

No.EST-52-122/62-63

To

The Conservator of Forests,
Coorg Circle, Mercara.

Sir,

Sub: Revised proposals with regard to recasting of the management units of the Mysore Forest Division (Ranges) into two independent Forest Divisions -

Ref: Your letter No.EST-112-11962/62, dated 4-12-1962 and subsequent reminders -

****

Further to this office letter of even No. dated 5-2-1963 submitting proposals for recasting of Beats, Rounds and Ranges in the Mysore Forest Division, I write to state that it has been felt quite some time back that the work in this Division both at office and the field has considerably shot up especially with the advent of the implementation of the various developmental forestry schemes, in addition to the routine curricular and executive duties for reasons of its own which was already heavy.

The present Mysore Forest Division embraces Mysore Revenue District excluding Periyapatna, Hunsur and Krishnarajanagar and Kollegal Taluks and Mandya Revenue District excluding Malavalli Taluk, thus the present over-all land area of the Mysore Forest Division spreads widely over 4,182 squarex miles which is rather unwieldy for one administrative unit officer for purpose of inspection and concentratedx management and efficient control especially when the problem of smuggling both intra and inter-State smuggling has become rampant.

The effective existing area of State Forest and Reserved forest lands in the Mysore Forest Division amounts to 655.67 square miles (excluding R.R.T. Forests). As per the recent Government directive that all unculturable Revenue and Gomal waste lands not fit for purpose of agriculture has been proposed to be taken over by the Forest Department in various taluks falling in the present Forest Division.

... 2

53 63

This figure may approximately add about 100 square miles of unculturable waste fit for soil conservation and afforestation purposes to be done under the Plan Schemes. In Mandya District many gomal and other areas have already been taken over by the Department and afforestation works have been completed.

Almost all the territorial units have got heavier work on hand as compared to the quantum of work handled about five years back. The following tabular statement which shows an area tackled under artificial regeneration by way of afforestation, would amply justify the proportional progressive increase in field work to be executed in the various units all of which are under the management and care of one Divisional Forest Officer at present.

a) Clearfelling followed by artificial regeneration:

Year		Area in acres
1957-58	..	112 Acres
1958-59	...	342 acres
1959-60	...	277 acres
1960-61	...	338 acres
1961-62	...	775 acres
1962-63	...	1,533 acres

b) Soil Conservation and Afforestation:

Year		Area in acres		Agave hedges in miles
1956-57	..	809 acres	..	"
1957-58	..	693 acres	..	--
1958-59	..	600 acres	..	7 miles
1959-60	..	588 acres	..	--
1960-61	..	600 acres	..	9 miles
1961-62	..	775 acres	..	6 miles
1962-63	..	787 acres	..	6 miles

Based on the above the yield of major and minor forest produces and their corresponding financial figures for the entire Division would become clear from a perusal of the following statement, which shows a progressively higher yield, consequently higher financial return and expenditure for reforestation and afforestation.

A. YIELD FIGURES

1. Timber extraction

Year	Quantity	Poles & Ballies
1958-59	2,94,036	48,221
1959-60	1,58,472	..
1960-61	1,42,230	81 poles
1961-62	5,22,746	29
1962-63 (Part)	3,77,020	Partly measured and taken to stock.

84 65

2) Firewood - (Prepaid licenses)

Year	From State Forests	From Dist. Forests
1958-59	59,988 tons	6,116 tons
1959-60	54,288 tons	5,415 tons
1960-61	40,228 tons	6,746 tons
1961-62	44,856 tons	7,784 tons
1962-63	60,315 tons	6,612 tons

B. REVENUE AND EXPENDITURE

Year	Revenue.	Expenditure
1955-56	13,41,118.83	4,31,084.75
1956-57	25,28,852.33	4,16,958.61
1957-58	33,13,363.46	4,50,631.01
1958-59	36,88,642.86	7,15,604.45
1959-60	35,89,342.45	19,22,914.53
1960-61	34,70,805.44	5,36,222.21
1961-62	38,01,615.32	7,47,150.41
1962-63	38,21,606.08	7,10,082.54

It is sufficiently evident from the above facts and figures that the over-all tempo of work has consequentially increased in recent times and this revised proposal of the two independent Divisions is mainly based to suit the management, protection, inspection and tour of officers of the proposed Divisions. Due regard has been taken in constituting the boundaries and the limits of the Divisions in such a way so as to include more or less a common type of working under the Departmental schemes and also to tap the timber yield to the nearest Sale Depots lying on common lines of export allat of which have been based on judicious thinking and economics in disposal of forest produces. In the new proposals, Chamarajanagar and Gundlupet Ranges have been each split up into two Ranges depending upon the intensity of working and the necessity for staff for increased protection.

Proposals for bifurcation of the existing Chamarajanagar Range into two Ranges namely Chamarajanagar and Punjur Ranges as per the Memo of Instructions of the Hon'ble Minister for Forests were submitted to Government by the Chief Conservator of Forests in Mysore, Bangalore, in his letter No. A2(B) 18906/63 dated 9-1-64 and it is under consideration of Government. Regarding the bifurcation of the existing Gundlupet Range into two Ranges namely Hediyal and Gundlupet have been incorporated under the current proposals on hand.

(... 4)

55 67

Further sub dividing of the Ranges into Rounds and Beats have also been proposed as per annexure No.I enclosed and also tentatively laid out on maps, mostly taking advantage of natural features like rivers, streams, roads, bridlepaths, D lines, spurs, ridges and valleys. This proposal of sub dividing a Range and also suggesting the Head Quarters for the round officers and beat officers is only tentative and is liable to be altered or changed by the territorial Divisional Forest Officers to suit the protection and management aspects after the new Divisions come into being. The areas under each beat and round some times varies in the proposed set up and I write to state that it has been examined in the light of various factors like the density and importance of forest, thefts and damages from which forests are susceptible and its location stratigically and the distance from the surrounding villages, etc., on these points the number of beats, roundsand x ranges are the minimum required for protection and management.

The list of Ranges showing the rounds and beats is as per annexure I appended hereto which may kindly be perused.

I further add that the Divisional Forest Officer, Mysore in the present set up has to invariably attend meetings like District Coordination Committee meetings of both Mysore and Mandya Districts and in addition he has to attend to the Zoo Advisory Committee meeting and the Kabini Rehabilitation Committe Meeting and various other meetings in which he would be called upon to attend every month. Besides this he has to attend on Very Important Personages visiting Bandipur Game Sanctuary and Ranganathittu Bird Sanctuary very often. Besides this, he has to conduct many sales periodically and inspect the offices of eighteen subordinate units (including Depots) every year. The inspection of thesex offices alone takes considerable time and labour of the staff of the Divisional Forest Office which at present is far deficit in ministerial staff considering the present volume of work. A special mention about the correspondence pertaining to the management of the Sanctuary and arranging reservation of visitors is a whole time

(Contd... 5)

work for a clerk, will not be out of place and it is an extra curriculam of this unwieldy Division unlike other sister Divisions in the State. In addition to the office inspection said above, the Divisional Forest Officer, Mysore, has to inspect the Taluk Offices which in old Mysore area have the power to issue licenses for transporting of forest produce and maintain necessary accounts. This has to be done in respect of thirteen taluks falling due under the jurisdiction of the present Mysore Division. All this requires considerable number of ministerial staff.

At present I am having in this Divisional Office, six Accountants, six Clerks, one Typist, three peons and I candidly say that the work on hand would require double the number of office staff excluding the Forest Surveyors and Draughtsman. It will not be out of place if I attempt to say that the office work that has naturally lagged behind is only due to the heavy ministerial work which the present staff is not in a position to dispose of in the manner that is expected, even though many of the staff members happen to work on Sundays and other holidays. It is unusual that this Division is not equipped with a Forest Surveyor and a Draughtsman as in the case of other important like Divisions doing timber exploitation and artificial regeneration work.

Since the Divisional Forest Officer's attention has to be bestowed more on out-door field work than what has been said before now, it is certain that all the 19 units cannot be efficiently and satisfactorily looked after by one Divisional Forest Officer whose attention is taken by various routine commitments and miscellaneous non-technical interferences that come in the web of this Division time to time.

In the light of all the facts discussed above I would suggest that it is not feasible to have more than 6 to 7 territorial units in a Division and hence, I propose that the present Mysore ~~Mysore~~ Forest Division may be divided into two independent Divisions as detailed below and request you kindly cause to move the Chief Conservator of Forests in Mysore, Bangalore, to move

(... 6)

57 71

Government for according sanction for the bifurcation of the Division into two independent Divisions and communicate orders early. The present Forest SubDivisions may be abolished and each Divisional Forest Officer be given a Gazetted Assistant to assist him in his duties. Maps follow

Yours faithfully,

(G.R. Mavinkurve)

Sir.

Sub: Reorganisation of Mysore Forest Division into two independent Divisions. Proposals re-sanction for

W.R. to your letter no.

Order thereon.—No. A2(B)6448/63-64 dt 4/6-4-64

on the above subject I am directed to state that it is seen from the appended statement enclosed to your letter under ref c that after the existing Mysore Forest Division is bifurcated into Mysore East Dn & Mysore West Dn the anticipated

Revenue of Mysore East Div is estimated at Rs 7,35,000/- & anticipated Revenue of Mysore West Div is estimated at Rs 33,50,000. As against the anticipated expenditure of Rs 5,93,000/- in the future Mysore East Div the anticipated Revenue is only Rs 7,35,000/-. As regards Mysore West Div anticipated expenditure is Rs 9,41,000/- as against the Revenue of Rs 33,50,000/-. It is seen from the above figures that in respect of Mysore East Div the ratio between Revenue & expenditure is 7:6 whereas in Mysore West Div it is 11:3. It may be that the expenditure for one or two years to start with in Mysore East Div will be very high when compared with anticipated Revenue, as it will take some years to execute the various works in a new Div & get actual returns. However it is certainly not financially sound

In view of the above I am to request you to examine your proposal in the light of the above observations & submit suitable revised proposals to Govt early. While submitting revised proposals to Govt I am to request you to furnish the details on the following points

(1) The proposed Nyfone East would have a reserve forest area of 265.38 square miles while Nyfone West would have 424.94 square miles. While the income in respect of West is shown as Rs 33,50,000 & East is shown as Rs 7,35,000. How could there be such a discrepancy. What special features contribute to the disproportionately higher income in respect of West?

Letter No.354 dated 12/14-5-1964 from the Secretary to the H.H. The Maharaja of Mysore, The Palace, Mysore, to the Chief Secretary to the Government of Mysore, Bangalore-1.

Sub: Bifurcation of the Mysore Forest Division as Mysore East and West Divisions - Proposals thereon.

I am given to understand that proposals have been submitted by the Chief Conservator of Forests, in Mysore, Bangalore to bifurcate the present Mysore Division for administrative conveniences. In the proposals interalia I learn that provision has made to merge the staff of the Wild Life Unit with the Forest staff and bring it under the administrative control of the respective Forest Divisions and to work under the territorial Forest Rangers etc.

In this connection, I wish to point out that the Game Staff (Wild Life Staff) has been treated as a separate unit for several decades in the interests of Wild Life Preservation. These staff are working under the dual control of the Forest and Palace. General Administrative control is vested in the Palace (Vide: Mys. Forest Manual 1957 - Extract enclosed) in order to see that the instructions issued by His Highness from time to time are carried out. Any change in the present administrative set up affecting the Game Staff has to meet the concurrence of the Palace for the reason that certain prerogatives and privileges conceded in the agreement have to be respected. The special privileges enjoyed by His Highness are detailed in the Mysore Forest Manual of 1957 in pages 386, 396 and 298, the extracts of which are enclosed.

Under the circumstances it is necessary that High Highness should be consulted in this matter which concerns to one of the privileges enoyed by him and which will have to be continued to be made available to His Highness.

The main object in maintaining the Wild Life Staff under the dual control is to safeguard Wild Life Preservation in all its aspects and to bring directly to the notice of the Chief Conservator of Forests and Government through Palace any infringement of regulations without fear or favour even though it may concern the territorial staff. Further the Game staff are there to prevent indiscriminate shooting by game licence holders, to apprehend poachers, animals causing harm to man, cattle and damage to agricultural crops. Their responsibility lies in maintaining Game Preserves, Wild Life Parks and Sanctuaries. An area of 400 Sq. miles of Wild Life Preserves exist in the Mysore District alone wherein the Wild Animals have freedom to live and propagate in their natural habit. In this exclusive area which is managed by the Game Staff there is safety and immunity for the animals when compared to the other forest areas where no Wild Life staff exists.

P.T.O.

If the Wild Life Staff is merged with the territorial Forest staff as said to have been proposed by the Chief Conservator of Forests to Government it will surely be a retrograde step and the repercussions will adversely affect and defeat the purpose for which the Wild Life Staff is especially maintained, for over a period of 60 years.

The Indian Board of Wild Life is of opinion to have separate Wild Life Staff and to form a number of Sanctuaries and Wild Life Parks in all the States. On the advice of the Board the Central Government has issued directions to all State Governments to implement the recommendations. Accordingly the Mysore Government has introduced a bill in the State Legislature known as the Mysore Wild Animals and Birds Protection Act of 1962 and the assent of the President of India has been obtained. This Act is uniformly applicable to the whole State and provides for the appointment of a State Wild Life Officer, Game Officers, Wardens and such other officers for Wild Life Preservation as a separate Unit. This will come into force very shortly.

Such being the case it is not understood why the merger of the Wild Life Staff with the territorial staff is contemplated at this juncture. The present Wild Life Staff should be considered as a separate Unit and their services should be continued with improved benefits for implementation of the New Wild Life Act coming into force. There should not be any reduction in strength or reversion in grade and their services should be utilised for improvement works and forming of National Parks, as the staff are well qualified and have rendered meritorious services which are highly commended. Under no circumstances should there by any change with the status quo.

Hence, it is requested that the following points may be kept and orders issued to the Chief Conservator of Forests to continue the status quo as otherwise it will go against the agreement of Government of Mysore, that the Wild Life Office should continue to render service to His Highness whenever required:

i) The Wild Life staff at present working may continue to work as a separate Unit, and

ii) the administrative control may continue to be vested in the Secretary, to H.H. The Maharaja of Mysore as heretofore.

This position may also kindly be borne in mind when rules underthe Mysore Wild Life Animals & Birds Prorection Act are formed.

"Copy"

Copy of letter No.F.48-P, 56 dated 8th January 1951 from Shri V.P. Menon, Secretary to the State Ministry addressed to Majaraja of Mysore.

I discussed witt your Highness certain points in regard to the allowance of Rs.3 lakhs per annum fixed by the President as the allowance of the Rajpramukh. As I explained to you, it will not be possible to revise this amount. After discussion, with the Govt. of Mysore it has been agreed that the sum of Rs. 3 lakhs will be paid to the Mysore Government annually to your Highness at the beginning of every financial year. Any balance left out of this could be carried forward by your Highness and utilised in the next year. This will also apply to the amount already due for the period commencing from 26th January 1950.

The Mysore Government request that Your Highness would be pleasedto allot a sum of Rs.12,000/- per annum from out of the Rajpramukh's Allowance for expenditure on account of guests invited at the instance of the State Gover ment. If any, year, this amount proved inadequate, the additional expenditure will be met by the State Government.

The Mysore Government have agreed to make separately an annual provision of Rs.50,000/- in the State Budget for "Discretionary Grnts by High Highness" under the head "General Administration" this amount will be available for Your Highness, to be used at your discretion towards patronage of music, arts and letters.

The Palace Electrical Department will be taken over by the State Government and merged with their Electrical Department. The Mysore Government will supply electricity and water free of charge to the three Palaces at Mysore, Bangalore and Fernhill.

The Mysore Government have agreed to incur expenditure upto a limit of Rs.75,000/- towards general maintenance of these palaces, they will also incur expenditure upto a limit of Rs. 75,000/- towards the maintenance of the gardens of these palaces.

The expenditure in connection with the Dasara and Birthday celebration will be incurred as at present. The expenditure on illumination on these occasions will be wholly a charge on the State revenues.

The Palace Dispensary will be taken over and merged with the Govt. Medical Department, subject to services to the Palace being contained as at present.

The Zoo Gardens will be maintained from out of the Budget allotment for the Government Gardens Departments, should the property be at time not used for the purpose of a Zoo (or for such either similar public purpose as may be decided upon with the concurrence of His Highness) the property will revert to the Palace.

The expenditure on the maintenance of Tiger preserved (including the maintenance and operation of the wireless etc) will be liability of the State Government.

Pensions and allowances to the members of the Ruling family will continue to be paid out of the State Revenues during the life time of the present members.

The Palace horses and the Palace Elephants will be transferred to the erment, but they will be made available for use by His Highness on ceremonial and other occasions.

The Private properties of Your Highness willbe liable to tax the Palace at Bangalore and Mysore will however be exempt from all taxes, Municipal, State or Central.

Telegram / Telephone

Immediate

CHIEF CONSERVATOR OF FORESTS

IN MYSORE, BANGALORE.

No. No. A2(B)6448/63-64.

Encls.

Date 3-AUGUST 1964.

To

The Secretary to Government, (By name)
Agriculture & Forest Department,
Bangalore.

Sub:-Reorganisation of Mysore Forest Division into two independent Divisions - Proposals for sanction.

Ref:-Your No.AFD 39 FEG 64 dated 10-6-1964 and 24-7-1964.

I furnish below my detailed remarks on the several points raised in your above letter of 10-6-1964.

1) It may be seen that the Mysore East Division comprises of the marginally noted units, wherein the extent of timber bearing forests are comparatively less compared to the relative extent of timber bearing forests in the Mysore West Division. Actually as matters stand all exploitation of timber converges to almost all the Ranges of Mysore Division; further the Eastern Division has yet to be covered in a large measure by tree growth with the raising of large scale plantations of fast growing, and matchwood species. Larger tracts are available in this zone for taking up intensive afforest--ation. The little timber yield in the East Division covers only B.R.T., Chamarajanagar Ranges and a major portion of Bandipur Range is Game Sanctuary area. While this is the case with the Eastern Division, the Western Division covers the extensive forests, very rich in Teak and other kinds. The yield of superior kind of timber adds to the revenue of the Division since the incidence of Teak, which is largely available in the Western area and which fetches a far higher price than that of any other kind of timber, fetches a higher revenue than the other kinds of timber. Added to this, is the Government Sandal Wood Depot attached to the Western Division, wherefrom Sandalwood supplies to the S.O.F are effected. In view of this, the revenue position of the Eastern Division will be comparatively less than that of the Western Division. I should like to submit here that the Department can not expect a higher or comparatively equal income from arid areas than what it can expect from the evergreen and semi decidious forest areas ie: Bellary Circle which covers a much larger administrative area cannot at all be taken for comparision with any other Circles from the point of view of yield of revenue since the Coorg, Belgaum and Shimoga Circle cover forest areas very much rich in valuable timber species. The impress--ion that equal or comparatively equal forest areas should yield equal or comparatively equal revenue will not therefore stand to reason.

Bandipur Range
Chamarajnagar Range
Punjur Range
B.R.T. Range
Mysore Range
Mandya Range
Nagamangala Range.

...2

2) The income and expenditure of the present Mysore Forest Division for the last three years is furnished below for your reference.

Year	Revenue (in lakhs)	Expenditure (in lakhs)
1960-61	Rs. 34.7	Rs. 5.4
1961-62	Rs. 38.0	Rs. 7.5
1962-63	Rs. 38.2	Rs. 7.1
1963-64	Rs 44.0	Rs 7.2

3) The additional complement of staff proposed has been assessed as a minimum complement taking into account the large areas to be taken up for afforestation in the maidan portions of the proposed Eastern Division, taking up the revenue forest areas by the Forest Department (which question is pending finalisation by Government) for proper management, exploitation and afforestation and protection of the valuable forests and prevention of smuggling.

4) The additional complement of the staff proposed is the absolute minimum and any reduction would certainly work against the anticipated better results. The proposed complement appears to be large in view of the fact that the staff pattern in the entire ex-Mysore area had been fixed years and years ago and which pattern had not been revised proportionately with the ever increasing developmental activities of the several Forest Divisions.

5) Large quantities of timber which were hitherto not exploited from the remote, more difficult and inaccessible forest areas can be exploited, with advantage; a quite good quantity of Sandal growing on private lands (which are the property of Government and for which there had been no enumeration till date) can be extracted and supplied to Sandalwood Oil Factory at Mysore. Indirectly with the bifurcation of the existing Division, proper attention could be paid for checking more efficiently clandestine removals of forest produces, interalia adding to the revenue of the Department. District forest areas, which are equally large and well wooded, on being taken over for proper management by this Department can be exploited with advantage. The commissioning of the Rayon Pulp Plant by M/s National Rayons Corporation in Mysore Division in the next 7 to 8 years would add to the industrial and financial development of the Division. Actually the department can expect in view of the above a minimum of about 3 to 3½ lakhs of rupees of revenue annually.

2. In this connection, I should like to submit that the Department has been showing an alround improvement and development. While the revenue of the Department has been on the increase year by year, the Department has kept down the expenditure to the minimum. The following figures

117. 88

will amply justify the above statement.

Particulars.	57-58	58-59	59-60	60-61	61-62	62-63
1) Percentage of expenditure against Revenue.	33	36	39	39	46	52
2) Percentage of expenditure on establishment against Revenue.	9	8	8	8	7	7
3) Percentage of expenditure on 'b'conservancy & works against Revenue.	23	27	30	31	38	44
4) Percentage of expenditure on establishment against expenditure under 'b'conservancy and works.	41	32	26	25	21	16

3. Regarding the merger of the Wild Life Unit with the territorial set up, I have already furnished my remarks in my report dated 6-4-1964. There is no question of actually abolishing the Wild Life Unit. The Wild Life Officer, who at present is not having a full time work, will only serve as an assistant to the Divisional Forest Officer, Mysore East Division in addition to his normal duties as the Wild Life Officer. Even with the merger of the lower subordinate staff of the existing Wild Life Unit with the territorial set up, there is no proposal to reduce the strength of the said unit; on the other hand it has been proposed to station them round about the Game Sanctuary area even after merger. This will not also come in the way of proper management of the Game Sanctuary. This apart, with the implementation of the New Wild Life Act, the Department would be envisaging greater interest on Wild Life matters in the State in general and the Sanctuaries in particular.

P41/C

4. As already ~~requested~~ stated it is but imperative for the proper and fuller utilisation of our forests and reafforestation of the worked out areas, that the proposals submitted to Government for the bifurcation of the existing Mysore Forest Division into two independant territorial Divisions i.e. Mysore East and Mysore West Divisions, are sanctioned.

Immediate orders are requested so that the two New Divisions could start functioning from the first day of October 1964, if not earlier.

Yours faithfully,

Chief Conservator of Forests.

Iyer.

Sir,

Sub:-Reorganisation of Mysore Forest Division into two independent Divisions - Proposals for sanction.

Ref:-Your No.AFD 39 FEG 64 dated 10-6-1964 and 24-7-1964.

I furnish below my detailed remarks on the several points raised in your above letter of 10-6-1964.

B. RACHAIAH,
Minister for Forests, Fisheries and Sericulture.

It may be seen that the Mysore East Division comprises of the marginally noted units, wherein the extent of timber bearing forests are comparatively less compared to the relative extent of timber bearing forests in the Mysore West Division. Actually as matters stand all exploitation of timber converges to almost all the Ranges of Mysore West Division; further the Eastern Division has yet to be covered in a large measure by tree growth with the raising of large scale plantations of fast growing, and matchwood species. Larger tracts are available in this zone for taking up intensive afforest--ation. The little timber yield in the East Division covers only B.R.T., Chamarajanagar Ranges and a major portion of Bandipur Range is Game Sanctuary area. While this is the case with the Eastern Division, the Western Division covers the extensive forests, very rich in Teak and other kinds. The yield of superior kind of timber adds to the revenue of the Division since the incidence of Teak, which is largely available in the Western area and which fetches a far higher price than that of any other kind of timber, fetches a higher revenue than the other kinds of timber. Added to this, is the Government Sandal Wood Depot attached to the Western Division, wherefrom Sandalwood supplies to the S.O.F are effected. In view of this, the revenue position of the Eastern Division will be comparatively less than that of the Western Division. I should like to submit here that the Department can not expect a higher or comparatively equal income from arid areas than what it can expect from the evergreen and semi decidious forest areas ie. Bellary Circle which covers a much larger administrative area cannot at all be taken for comparision with any other Circles from the point of view of yield of revenue since the Coorg, Belgaum and Shimoga Circle cover forest areas very much rich in valuable timber species. The impress--ion that equal or comparatively equal forest areas should yield equal or comparatively equal revenue will not therefore stand to reason.

Bandipur Range
Chamarajnagar Range
Punjur Range
B.R.T. Range
Mysore Range
Mandya Range
Nagamangala Range.

...

2) The income and expenditure of the present Mysore Forest Division for the last three years is furnished below for your reference.

Year	Revenue (in lakhs)	Expenditure (in lakhs)
1960-61	Rs. 34.7	Rs. 5.4
1961-62	Rs. 38.0	Rs. 7.5
1962-63	Rs. 38.2	Rs. 7.1
1963-64	Rs 44.0	Rs 7.2

3) The additional complement of staff proposed has been assessed as a minimum complement taking into account the large areas to be taken up for afforestation in the maidan portions of the proposed Eastern Division, taking up the revenue forest areas by the Forest Department (which question is pending finalisation by Government) for proper management, exploitation and afforestation and protection of the valuable forests and prevention of smuggling.

4) The additional complement of the staff proposed is the absolute minimum and any reduction would certainly work against the anticipated better results. The proposed complement appears to be large in view of the fact that the staff pattern in the entire ex-Mysore area had been fixed years and years ago and which pattern had not been revised proportionately with the ever increasing developmental activities of the several Forest Divisions.

5) Large quantities of timber which were hitherto not exploited from the remote, more difficult and inaccessible forest areas can be exploited, with advantage; a quite good quantity of Sandal growing on private lands (which are the property of Government and for which there had been no enumeration till date) can be extracted and supplied to Sandalwood Oil Factory at Mysore. Indirectly with the bifurcation of the existing Division, proper attention could be paid for checking more efficiently clandestine removals of forest produces, interalia adding to the revenue of the Department. District forest areas, which are equally large and well wooded, on being taken over for proper management by this Department can be exploited with advantage. The commissioning of the Rayon Pulp Plant by M/s National Rayons Corporation in Mysore Division in the next 7 to 8 years would add to the industrial and financial development of the Division. Actually the department can expect in view of the above a minimum of about 3 to 3½ lakhs of rupees of revenue annually.

2. In this connection, I should like to submit that the Department has been showing an alround improvement and development. While the revenue of the Department has been on the increase year by year, the Department has kept down the expenditure to the minimum. The following figures

1239!

will amply justify the above statement.

Particulars.	57-58	58-59	59-60	60-61	61-62	62-63
1) Percentage of expenditure against Revenue.	33	36	39	39	46	52
2) Percentage of expenditure on establishment against Revenue.	9	8	8	8	7	7
3) Percentage of expenditure on 'b' conservancy & works against Revenue.	23	27	30	31	38	44
4) Percentage of expenditure on establishment against expenditure under 'b' conservancy and works.	41	32	26	25	21	16

3. Regarding the merger of the Wild Life Unit with the territorial set up, I have already furnished my remarks in my report dated 6-4-1964. There is no question of actually abolishing the Wild Life Unit. The Wild Life Officer, who at present is not having a full time work, will only serve as an assistant to the Divisional Forest Officer, Mysore East Division in addition to his normal duties as the Wild Life Officer. Even with the merger of the lower subordinate staff of the existing Wild Life Unit with the territorial set up, there is no proposal to reduce the strength of the said unit; on the other hand it has been proposed to station them round about the Game Sanctuary area even after merger. This will not also come in the way of proper management of the Game Sanctuary. This apart, with the implementation of the New Wild Life Act, the Department would be envisaging greater interest on Wild Life matters in the State in general and the Sanctuaries in particular.

4. As already ~~requested~~ stated, it is but imperative for the proper and fuller utilisation of our forests and reafforestation of the worked out areas, that the proposals submitted to Government for the bifurcation of the existing Mysore Forest Division into two independant territorial Divisions i.e. Mysore East and Mysore West Divisions, are sanctioned

Immediate orders are requested so that the two New Divisions could start functioning from the first day of October 1964, if not earlier.

Yours faithfully,

N. S. Chikkan

Chief Conservator of Forests. 2/8

Copy to the Private Secretary to the Minister for Forests, Vidhana Soudha, Bangalore with a request to place this before the Minister for Forests for his personal and immediate needful.

Sir

Sub: As in P117/CF.

W.r. to the correspondence ending with your letter no A2(B) 6448/63-64 dt 3-8-64 on the above subject I am directed to request you to clarify the discrepancies in figures detailed below early for taking further action.

(1). It is seen that the revenue for the year 1963-64 for the existing Mysore Div was Rs 44/- lakhs and as against this, the anticipated revenue for the new divisions (Mysore East & Mysore West) after bifurcation is estimated at Rs 41 lakhs.

Secondly, the expenditure on the existing Mysore Div for the year 1963-64 was Rs 7.2 lakhs whereas the ~~to-year~~ future expenditure

on the Mysore East Division is estimated at Rs 5,93,000/- & for the Mysore West Div. at Rs 9,41,000/-. When the expenditure for the existing Division is only Rs 7.2 lakhs it is not understood how after bifurcation of the Division the expenditure on Mysore West Division alone would come to Rs 9,41,000/-.

(2) The addl. staff proposed by you resulting in an extra cost of Rs 76,354/- per annum on establishment alone. Apart from the expenditure on establishment, there is also heavy expenditure on conservancy & works, T.A & Contingencies which may come to about Rs 3 to 4 lakhs in a year. The total expenditure on the two Divisions after bifurcation will be about Rs 15 lakhs per annum as against the existing expenditure of about Rs 7.8 lakhs per annum. The anticipated increase in Revenue is estimated at Rs 3 to 3½ lakhs per annum. It is not known how the extra revenue of 3 to 3½ lakhs of rupees is anticipated when the expenditure is going to rise from Rs 7.2 lakhs per annum on the existing Division to Rs 15/- lakhs per annum after the bifurcation of the existing Division. As seen from the statement furnished by you

GOVERNMENT OF MYSORE

No. AFD 39 FEG 64

MYSORE GOVERNMENT SECRETARIAT,
VIDHANA SOUDHA,

FROM

Dated, Bangalore, 28-9-1964.

The *Secretary to the Government of Mysore,*
Agriculture and Forest Department.

To

The Chief Conservator of Forests
in Mysore, Bangalore.

Sir,

Sub: Reorganisation of Mysore Forest Division into two independent Divisions - Proposals for sanction.

With reference to the correspondence ending with your letter No.A2(B)6448/63-64 dated 3-8-1964 on the above subject, I am directed to request you to clarify the discripencies in figures detailed below early for taking further action:-

(1) It is seen that the revenue for the year 1963-64 for the existing Mysore Division was Rs.44/- lakhs and as against this, the anticipated revenue for the new Divisions(Mysore East and Mysore West) after bifurcation is estimated at Rs.41 lakhs. Secondly, the expenditure on the existing Mysore Division for the year 1963-64 was Rs. 7.2 lakhs whereas the future expenditure on the Mysore East Division is estimated at Rs.5,93,000/- and for the Mysore West Division at Rs.9,41,000/-. When the expenditure for the existing Division is only Rs. 7.2 lakhs it is not understood how after bifurcation of the Division the expenditure on Mysore West Division alone would come to Rs.9,41,000/-.

(2) The additional staff proposed by you resulting in an extra cost of Rs.76,354/- per annum on establishment alone. Apart from the expenditure on establishment, there is also heavy expenditure on convervancy and works, T.A. and Contingencies which may come to about Rs. 3 to 4 lakhs in a year.

P.T.O.

The total expenditure on the two Divisions after bifurcation will be about Rs. 15 lakhs per annum as against the existing expenditure of about Rs. 7.8 lakhs per annum. The anticipated increase in Revenue is estimated at Rs.3 to 3½ lakhs per annum. It is not known how the extra revenue of 3 to 3½ lakhs of rupees is anticipated when the expenditure is going to rise from Rs. 7.2 lakhs per annum on the existing Division to Rs.15 lakhs per annum after the bifurcation of the existing Division. As seen from the statement furnished by you the probable revenue of the two Divisions after bifurcation will be Rs. 41 lakhs against the existing revenue of Rs. 44 lakhs. This shows that the revenue will decrease by 3 lakhs and the expenditure will increase by about 8 lakhs. Therefore the total decrease will be about Rs. 10 to 11 lakhs per annum. It is therefore not clear how you anticipate increase in revenue of 3 to 3½ lakhs per annum.

Yours faithfully,

T.S. Ramaiya

(T.S. Ramaiya),
Under Secretary to Government,
Agriculture and Forest Department.

GOVERNMENT OF MYSORE

No. AFD 39 FEG 64

MYSORE GOVERNMENT SECRETARIAT,
VIDHANA SOUDHA,

FROM

Dated, Bangalore, 28.9.1964.

The *Secretary to the Government of Mysore,*
Agriculture and Forest Department.

To

The Chief Conservator of Forests
in Mysore, Bangalore.

Sir,

Sub: Reorganisation of Mysore Forest Division into two independent Divisions - Proposals for sanction.

With reference to the correspondence ending with your letter No.A2(B)6448/63-64 dated 3-8-1964 on the above subject, I am directed to request you to clarify the discripencies in figures detailed below early for taking further action:-

(1) It is seen that the revenue for the year 1963-64 for the existing Mysore Division was Rs.44/- lakhs and as against this, the anticipated revenue for the new Divisions(Mysore East and Mysore West) after bifurcation is estimated at Rs.41 lakhs. Secondly, the expenditure on the existing Mysore Division for the year 1963-64 was Rs. 7.2 lakhs whereas the future expenditure on the Mysore East Division is estimated at Rs.5,93,000/- and for the Mysore West Division at Rs.9,41,000/-. When the expenditure for the existing Division is only Rs. 7.2 lakhs it is not understood how after bifurcation of the Division the expenditure on Mysore West Division alone would come to Rs.9,41,000/-.

(2) The additional staff proposed by you resulting in an extra cost of Rs.76,354/- per annum on establishment alone. Apart from the expenditure on establishment, there is also heavy expenditure on conservancy and works, T.A. and Contingencies which may come to about Rs. 3 to 4 lakhs in a year.

P.T.O.

The total expenditure on the two Divisions after bifurcation will be about Rs. 15 lakhs per annum as against the existing expenditure of about Rs. 7.8 lakhs per annum. The anticipated increase in Revenue is estimated at Rs.3 to 3½ lakhs per annum. It is not known how the extra revenue of 3 to 3½ lakhs of rupees is anticipated when the expenditure is going to rise from Rs. 7.2 lakhs per annum on the existing Division to Rs.15 lakhs per annum after the bifurcation of the existing Division. As seen from the statement furnished by you the probable revenue of the two Divisions after bifurcation will be Rs. 41 lakhs against the existing revenue of Rs. 44 lakhs. This shows that the revenue will decrease by 3 lakhs and the expenditure will increase by about 8 lakhs. Therefore the total decrease will be about Rs. 10 to 11 lakhs per annum. It is therefore not clear how you anticipate increase in revenue of 3 to 3½ lakhs per annum.

Yours faithfully,

(T.S. Ramaiya),
Under Secretary to Government,
Agriculture and Forest Department.

To

The Secretary to Government of Mysore,
Agriculture and Forest Department,
Vidhana Soudha,
Bangalore-1.

Sub: Reorganization of Mysore Forest Division into two independent Divisions- proposals for sanction-

Ref: CCF's letter NO.A2(3)6448/63,Dt.29-9-1964 to this Office-

--

With reference to the above Letter I submit the required information against each item as follows-

1) The scheme was originally based on the 1962-63 revenue of Rs.38,21,606-08 and not on the 1963-64 revenue of Rs 44,62812-40 actually realised against the estimated revenue of the year Rs.43,58,400/-. The increase in revenue during 1963-64 over the estimated amount was due to increase in the value of timber and M.F.P. realised also out put of more timber from submersion areas during the year. It is also pointed out that the allotment of revenue for 1964-65 is Rs.45,85,100/- but the actual realisation is yet to be known. Taking the revenue of 1963-64 as basis the anticipated revenue of the two independent Divisions will be ~~amount 47~~ about 47 to 48 lakhs (ie., Rs.43,58,400/- plus anticipated increased revenue of Rs.3 to 3½ lakhs due) and not Rs.41 lakhs as pointed out in the letter. Secondly the expenditure during 1963-64 noted as 7.2 lakhs is wrong and the actual expenditure during the year is as follows-

Total(b)Conservancy and works(Normal)	7,33,574-01
Total of development Schemes	5,23,880-34
Total of 70-C-Establishment-	4,44,422-79
Total- Rs.	17,01,877-14

From the figures already submitted showing the statement of probables expenditure of two independent Divisions in my letter No. E3 Reg/83-122 Dated 26/2/64 the details are as follows-

	Mysore East Division.	Mysore West Division.
Total(b)Conservancy and works	3,60,518-00	6,90,577-00
Establishment-	2,32,740-00	2,50,448-00
Total-	5,93,258-00	9,41,025-00
Grand Total-	15,34,283-00	

Contd..page-2

3 But this figure is based on the figures readily available for 1962-63 during 1963-64 when the scheme was originally submitted. Due to implementation of additional Schemes like soil conservation and other afforestation schemes, the actual expenditure has increased to Rs.17,01,877-14. However the expenditure shown as 7.2 lakhs for 1963-64 is not correct and this should be about 17 lakhs as noted above.

4 The extra cost of Rs.76354/- arrived at is excluding all expenditure under conservancy, contingency and other charges which all are included in the regular expenditure It is pointed out here that no extra cost on conservancy and contingency etc., are expected as no additional activities will be taken consequent on the re-organization of the two Divisions. The regular activities now in force in the present Mysore Forest Division only will be continued. However the extra expenditure pointed out at Rs.76354/- does not include the T.A. of this extra staff.

5 Summing up I have to submit that the total Revenue and expenditure on two separate Divisions after Reorganization as per my original letter is as follows-

Revenue	Mysore East Division 7,35,000/-		Mysore West Division. 33,50,000/-
Expenditure:			
B.conservancy and works.; and Schemes.	3,60,578-00		6,90,577-00
Pay,D.A. and T.A.of Staff.	2,07,240-00		2,25,448-00
	21,000-00		19,000-00
Contingencies-	4,500-00	x	6,000-00
	5,83,258-00		9,41,025-00

Total- 15,34,283-00

6 Hence the total income is worked at 41 lakhs against the expenditure of 15 lakhs as against 44 lakhs revenue and 17 lakhs expenditure from 1963-64. Hence the question of final reduction of 10 to 11 lakhs consequent on the proposed reorganisation of the two divisions is not correct. The only extra expenditure anticipated is over the extra staff as estimated at Rs.76,354/- as already reported in my original [illegible]ent.

7 Finally I have to point out that the question of reorganisation has been decided only with a view to reduce the heavy responsibility concentrated in one division in order to effect more efficient management and not anticipating any increased revenue.

Contd...page-3

On the other hand as already pointed out there is no possibility to get increased revenue due to reorganization as no fresh activities are taken up or revenue sources are tapped.

6 Considering all the above aspects the question of re-organising the existing Mysore Forest Division as already proposed may kindly be taken up and orders issued at an early date.

Yours faithfully,

(S.H.Korlahalli),
Divisional Forest Officer,
Mysore Division.

Bangalore-1.

Sir,

Sub: Reorganization of Mysore Forest Division into two independent Divisions- proposals for sanction-

Ref: CCF's letter No.A2(3)6440/63,Dt.29-9-1964 to this Office-

With reference to the above Letter I submit the required information in the prescribed against each item as follows-

1) The scheme was originally based on the 1962-63 revenue of Rs.38,21,606-08 and not on the 1963-64 revenue of Rs 44,62812-40 actually realised against the estimated revenue of the year Rs.43,58,400/-. The increase in revenue during 1963-64 over the estimated amount was due to increase in the value of timber and M.F.P. realised also out put of more timber from submersion areas during the year. It is also pointed out that the allotment of revenue for 1964-65 is Rs.45,85,100/- but the actual realisation is yet to be known. Taking the revenue of 1963-64 as basis the anticipated revenue of the two independent Divisions will be ~~amounts 47~~ about 47 to 48 lakhs (ie., Rs.43,58,400/- plus anticipated increased revenue of Rs.3 to 3½ lakhs due and not Rs.41 lakhs as pointed out in the letter. Secondly the expenditure during 1963-64 noted as 7.2 lakhs is wrong and the actual expenditure during the year is as follows-

Total(b)Conservancy and works(Normal)	7,33,574-01
Total of development Schemes	5,23,880-34
Total of 70-C-Establishment-	4,44,422-79
Total- Rs.	17,01,877-14

From the figures already submitted showing the statement of probables expenditure of two independent Divisions in my letter No.ES&FC83-122 Dated 26/2/64 the details are as follows-

	Mysore East Division.	Mysore West Division.
Total(b)Conservancy and works	3,60,518-00	6,90,577-00
Establishment-	2,32,740-00	2,50,448-00
Total-	5,93,258-00	9,41,025-00
Grand Total-	15,34,283-00	

Contd..page-2

But this figure is based on the figures readily available for 1962-63 during 1963-64 when the scheme was originally submitted. Due implementation of additional Schemes like soil conservation and other afforestation schemes, the actual expenditure has increased to Rs.17,01,877-14. However the expenditure shown as 7.2 lakhs for 1963-64 is not correct and this should be about 17 lakhs as noted above.

The extra cost of Rs.76354/- arrived at is excluding all expenditure under conservancy, contingency and other charges which all are included in the regular expenditure It is pointed out here that no extra cost on conservancy and contingency etc., are expected as no additional activities will be taken consequent on the re-organization of the two Divisions. The regular activities now in force in the present Mysore Forest Division only will be continued. However the extra expenditure pointed out at Rs.76354/- does not include the T.A. of this extra staff.

Summing up I have to submit that the total Revenue expenditure on two separate Divisions after organisation as per my original letter is as follows-

Revenue	Mysore East Division 7,35,000/-	Mysore West Division. 33,50,000/-
Expenditure:		
B.conservancy and works.; and Schemes.	3,60,578-00	6,30,577-00
Pay,D.A. and T.A.of Staff.	2,07,240-00	2,25,448-00
	21,000-00	19,000-00
Contingencies-	4,500-00	6,000-00
	5,83,258-00	9,41,025-00

Total- 15,34,283-00

Hence the total income is worked at 41 lakhs against the expenditure of 15 lakhs as against 44 lakhs revenue and 17 lakhs expenditure from 1963-64. Hence the question of final reduction of 10 to 11 lakhs consequent on the proposed reorganisation of the two divisions is not correct. The only extra expenditure anticipated is over the extra staff as estimated at Rs.76,354/- as already reported in my original ~~report~~. letter.

Finally I have to point out that the question of re-organization has been decided only with a view to reduce the heavy responsibility concentrated in one division in order to effect more efficient management and not anticipating any increased revenue.

Contd...page-3

141 104

On the other hand as already pointed out there is no possibility to get increased revenue due to reorganization as no fresh activities are taken up or revenue sources are tapped.

Considering all the above aspects the question of re-organising the existing Mysore Forest Division as already proposed may kindly be taken up and orders issued at an early date.

Sir,

Sub: Reorganization of Mysore Forest Division into two independent Divisions- proposals for sanction-

Ref: CCF's letter No.A2(3)6448/63,Dt.29-9-1964 to this Office-

--

With reference to the above letter I submit the required information in duplicate against each item as follows-

1) The scheme was originally based on the 1962-63 revenue of Rs.38,21,606-08 and not on the 1963-64 revenue of Rs 44,62819-40 actually realised against the estimated revenue of the year Rs.43,58,400/-. The increase in revenue during 1963-64 over the estimated amount was due to increase in the value of timber and M.F.P. realised also out put of more timber from submersion areas during the year. It is also pointed out that the allotment of revenue for 1964-65 is Rs.45,85,100/- but the actual realisation is yet to be known. Taking the revenue of 1963-64 as basis the anticipated revenue of the two independent Divisions will be ~~amount 47~~ about 47 to 48 lakhs (ie., Rs.43,58,400/- plus anticipated increased revenue of Rs.3 to 3½ lakhs due and not Rs.41 lakhs as pointed out in the letter. Secondly the expenditure during 1963-64 noted as 7.2 lakhs is wrong and the actual expenditure during the year is as follows-

44
2 3/1
47 b

Total(b)Conservancy and works(Normal)	7,33,574-01
Total of development Schemes	5,23,880-34
Total of 70-C-Establishment-	4,44,422-79
Total- Rs.	17,01,877-14

From the figures already submitted showing the statement of probables expenditure of two independent Divisions in my letter No.ಕಸರ್ಜ(83-222/63-64) Dated 26/2/64, the details are as follows-

	Mysore East Division.	Mysore West Division.
Total(b)Conservancy and works	3,60,518-00	6,90,577-00
Establishment-	2,32,740-00	2,50,448-00
Total-	5,93,258-00	9,41,025-00

Grand Total- 15,34,283-00

Contd..page-2

But this figure is based on the figures readily available for 1962-63 during 1963-64 when the scheme was originally submitted. Due implementation of additional Schemes like soil conservation and other afforestation schemes, the actual expenditure has increased to Rs.17,01,877-14. However the expenditure shown as 7.2 lakhs for 1963-64 is not correct and this should be about 17 lakhs as noted above.

The extra cost of Rs.76354/- arrived at is excluding all expenditure under conservancy, contingency and other charges which all are included in the regular expenditure It is pointed out here that no extra cost on conservancy and contingency etc., are expected as no additional activities will be taken consequent on the re-organisation of the two Divisions. The regular activities now in force in the present Mysore Forest Division only will be continued. However the extra expenditure pointed out at Rs.76354/- does not include the T.A. of this extra staff.

Summing up I have to submit that the total Revenue expenditure on two separate Divisions after organisation as per my original letter is as follows-

Revenue	Mysore East Division 7,35,000/-	Mysore West Division. 33,50,000/-
Expenditure:		
B.conservancy and works.; and Schemes.	3,60,578-00	6,90,577-00
Pay, D.A. and T.A. of Staff.	2,07,240-00	2,25,448-00
	21,000-00	19,000-00
Contingencies-	4,500-00	6,000-00
	5,83,258-00	9,41,025-00

Total- 15,34,283-00

Hence the total income is worked at 41 lakhs against the expenditure of 15 lakhs as against 44 lakhs revenue and 17 lakhs expenditure from 1963-64. Hence the question of final reduction of 10 to 11 lakhs consequent on the proposed reorganisation of the two divisions is not correct. The only extra expenditure anticipated is over the extra staff as estimated at Rs.76,354/- as already reported in my original ~~report~~ letter.

Finally I have to point out that the question of re-organisation has been decided only with a view to reduce the heavy responsibility concentrated in one division in order to effect more efficient management and not anticipating any increased revenue.

Contd...page-3

On the other hand as already pointed out there is no possibility to get increased revenue due to reorganization as no fresh activities are taken up or revenue sources are tapped.

Considering all the above aspects the question of re-organising the existing Mysore Forest Division as already proposed may kindly be taken up and orders issued at an early date.

Yours faithfully,
Sd/-
(S.M.Korlahalli),
Divisional Forest Officer,
Mysore Division.

D.O. No. A2(B)6448/63.

NEW PUBLIC OFFICES,
Bangalore-1, dated 13 Oct. 1964.

Dear Shri Srinivasan,

Sub:-Reorganisation of Mysore Forest Division into two Divisions (independent)-Proposals for sanction.

Ref:-1) Your letter No.AFD 39 FEG 64 dated 28-9-1964
2) Letter No.EST.G1.83-222/63 dated 12-10-1964 of the Divisional Forest Officer, Mysore.

I invite your personal attention to the letter dated 12-10-1964, cited above, of the Divisional Forest Officer, Mysore addressed to you and copied to me and add that the said report furnishes the necessary details on the points raised by Government in their above letter dated 28-9-1964.

2. It is seen that the expenditure shown in this office report of even number dated 3-8-1964, based on the figures furnished to this office by the Divisional Forest Officer, Mysore, relates purely to non Plan expenditure. The expenditure on Plan projects is bound to be there so long as these development schemes under the Five Year Plans are taken up and therefore this expenditure can not be regular and routine feature of the Department.

3. It is seen from the report of the Divisional Forest Officer, Mysore, addressed to you, that the total expenditure (Plan and non-plan schemes) of the existing Mysore Forest Division for 63-64 is of the order of about Rs.17.01 lakhs as against the revenue of the said Division for 1963-64 of Rs.44.6 lakhs.

4. The anticipated increase in revenue due to the effective working and systematic management of the independent Divisions will be of the order of about Rs.3 to 3½ lakhs per annum.

Yours

Sri G.Srinivasan, I.A.S.,
Secretary to Government,
Agriculture & Forest Department,
Bangalore.

Under Secretary to Government,
Agriculture and Forest Department.

'VIDHANA SOUDHA,'
BANGALORE,

Dated.....196

D.O. No. AFD 39 FEG 64

S.E. 188

Dear Sir,

Please refer to your D.O.letter No.A2(B)6448/63 dated 13-10-1964 ~~xxxxx~~ regarding Reorganisation of Mysore Forest Division into two Divisions(independent) - Proposals for sanction addressed to the Secretary to Government, I am desired to state that the expenditure of Rs.7.2 lakhs indicated in your letter dated 3-8-1964 is stated to be wrong according to the Divisional Forest Officer, Mysore letter dated 13-10-1964 wherein the correct figure is given as 17 lakhs. Even though you have now clarified that the figure originally given viz., Rs.7.2 lakhs relates purely to the non-plan expenditure it is not possible to come to a correct conclusion on this point since you had definitely stated earlier that the statement pertains to income and expenditure without indicating that it relates to non-plan expenditure only. This may therefore be examined afresh and the correct position may be indicated. Again the Divisional Forest Officer, Mysore has stated in his letter dated 13-10-1964 that from 1963-64, 44 lakhs would be the revenue against 17 lakhs as expenditure while at para 1 of the same letter, the allotment of revenue in 1964-65 is given as 47 - 48 lakhs. I am to request you to clarify as to what would be the anticipated expenditure and whether it would be 17 lakhs as in 1963-64 or more. Lastly the Divisional Forest Officer has stated there is no possibility to get increased revenue due to reorganisation as no fresh activities are taken up or fresh revenue sources are tapped, while you have stated that the anticipated increase in revenue due to the effective working and systematic management of the independent Divisions would be of the order of 3 to 3½ lakhs per annum. Since the two statements are contradictory to each

P.T.O.

GOVERNMENT OF MYSORE

No. AFD 128 FEG 64

MYSORE GOVERNMENT SECRETARIAT,
VIDHANA SOUDHA,

Dated, Bangalore, 8.10.1964

FROM

The *Secretary to the Government of Mysore,*
Agriculture and Forest Department.

To

The Chief Conservator of Forests
in Mysore, Bangalore.

Sir,

Sub: Reorganisation of the Kanara Forest Divisions.

With reference to your letter No.A1(e)63-815/62-63 dated 19-7-1964 on the above subject, I am directed to state you have not furnished any figures of expenditure or Revenue of the existing Kanara South Division and you have only furnished the anticipated revenue and expenditure for each of the new Forest Divisions. As furnished in para 8 of the your letter under reference the expenditure of Kanara Central Division and Kanara South Division will be Rs.2,82,000/- and Rs.3,25,000/- and the revenue of these two divisions will be Rs.15,00,000/- each with a surplus of Rs.12,18,000/- and Rs.11,35,000/-. If you had furnished figures of expenditure and Revenue for the last 3 years during which the new Forest Division has been in existance, Government would have been in a position to make a comparative study of the existing revenue and anticipated Revenue after the bifurcation of the Division. In the absence of these figures, Government are not in a position to examine the economics of the reorganisation proposals.

I am therefore to request you to furnish the above details to examine the proposals further.

Yours faithfully,

(T.S. Ramaiya),
Under Secretary to Government,
o/c Agriculture and Forest Department.

N.S.Kajkini.A.I.F.C.
Chief Conservator of Forests.

New Public Offices,
Bangalore:Dated: 12th Mar. 1965.

D.O.No.A2(b)-119-1487/RMD/64.

Dear Shri Srinivasan,

Sub:-Reorganisation of Mysore Forest Division into two new territorial Divisions proposals for sanction.

- - - -

I gather that the proposals submitted by this Office on the above subject have been sanctioned by Government and orders to that effect are under issue.

2. In this connection I should like to enclose herewith a copy of report No.EST/52-122/62-63 dated 10-3-1965 received from the Divisional Forest Officer, Mysore and add that in the circumstances detailed therein, it would be advisable to have the Mysore North and Mysore South Divisions instead of the original proposal of having the Mysore East and Mysore West Division Mysore North Division can be termed on Mysore Forest Division and Mysore South Division can be termed as Nangangud Division, under the above proposals. Mysore Forest Division will have Mysore as Head Quarters while Nangangud Forest Division will have Nangangud as Head Quarters.

3. I find from the enclosed report of the Divisional Forest Officer, that these proposals have been discussed by him with the Minister for Forests at Mysore on 6-3-1965 and that the Minister for Forests was pleased to express his general agreement to the formation of the Mysore and Nangangud Divisions as now proposed.

4. I have also discussed this issue with the Divisional Forest Officer, Mysore today and I find that the new proposals do not in any way change the overall revenue and expenditure position of the Divisions excepting for the Jurisdictions of the Divisions. I recommend the proposals for implementation and issue of orders accordingly.

This ~~should~~ may please be treated as most urgent and orders issued accordingly.

I enclose herewith a sketch Map of the revised set up of the Divisions.

Yours

To
Shri G.S.Srinivasan.I.A.S.
Secretary to Government,
Agriculture and Forest Department,
Bangalore.

G.O may be issued as per the revised jurisdiction. CCF & DFO tell me Minister has agreed. After issue of G.O refer put up to Minister for info

114

Divisional Forest Office,
Mysore Division, Mysore.
Dated the 10/3/65

No.FST.52-122/62-63.

To

The Conservator of Forests,
Coorg Circle, Harsara.

Sir,

Sub: Reorganisation of Mysore Forest Division into two independent Forest Divisions -

---

In continuation of my letter No. FST.CL.23-222/63-64 dated 12.10.1964, addressed to the Secretary to Government, Agriculture and Forest Department, Bangalore, and copy submitted to you and to the Chief Conservator of Forests in Mysore, Bangalore, I have to state, as under, for consideration of the authorities and necessary action.

2. While a strong case has been made in the correspondence resting with the above quoted reference for dividing the existing Mysore Forest Division into two independent Divisions the grouping of Ranges into the proposed Mysore East and Mysore West Divisions, I feel, is not so advantageous from administrative point of view and also other considerations. Constitution of two independent Divisions in the proposed manner has the following disadvantages.-

i) While heavy timber working is concentrated in the Mysore West Division, the same is comparatively very little in the Eastern Division.

ii) Whereas works under various Developmental Schemes have been concentrated in the Mysore East Division, the same is comparatively very much less in the Western Division.

iii) Revenue and Expenditure in the two Divisions are in imbalance, in that, the Revenue in the Western Division is very high and comparatively expenditure is much less whereas in the Eastern Division the Revenue is comparatively much less and expenditure including developmental expenditure is higher.

..2..

iv) The jurisdiction of the Eastern Division is very vast, in that, it extends right from about 15 miles to the north of Nagamangala in the North to the Bandipur Range in the South, a distance of about more than 100 miles.

3. In order to obviate the above disparities and to make the revenue and expenditure more balanced, I propose the following regrouping of Ranges into Mysore North (preferably to be designated as Mysore Division) and Mysore South(more preferably designated as Nanjangud Division) with headquarters at Mysore for the former and Nanjangud for the latter.

The regrouped Divisions would have the following units in each of them:-

Mysore North Division. (Mysore Division)	Mysore South Division. (Nanjangud Division.)
1. Kakankote Range.	1. Begur Range.
2. Nagadadevanakote Range.	2. Hinumarigudi Range.
3. Mysore Range.	3. Gundlupet Range.
4. Mandya Range.	4. Bandipur Range.
5. Nagamangala Range.	5. Chamarajanagar Range.
6. Yerchalli Government Timber Depot.	6. Punjur Range.
7. Government Woodyard and Sandalkoti.	7. B.R.T. Range.
8. Veterinary Inspector, Incharge of Elephants.	8. Nanjangud Timber Depot.
9. Divisional Squad.	9. Chamarajanagar Timber Depot.
10. Wireless Unit.	10. Wild Life Unit.
	11. Hediyala Range(new Range proposed).

The river Kabini from western boundary of the Mysore Division to the point where it joins Cauvery and thereafter the river Cauvery upto the boundary of Kollegal Division would form the boundary between the two Divisions. Talkad Forest which is only about 0.7 square mile in extent would have to continue in Mysore Range as at present and in Mysore North Division, instead of its proposed transfer to B.R.T. Range.

The Forest areas and land areas under the new proposed regrouped Divisions would be as under:-

	Forest Area.	Land Area.
1. Mysore North Division. (Mysore Division)	121.46 sq.miles.	2,434.00 sq.miles.
2. Mysore South Division. (Nanjangud Division)	503.07 -do-	1,742.00 -do-

Comparatively higher Forest area in the Mysore South Division would be counter balanced by the vast areas proposed to be afforested in the Mysore North Division and ultimately to be constituted as Reserved Forests. The average Revenue and Expenditure of the two Divisions which were previously reported, would, when re-distributed among the two Divisions, as now proposed, will be as under:-

	Revenue.	Expenditure.
1. Mysore North Division.	Rs.24,20,000-00	Rs.6,51,085-00
2. Mysore South Division.	Rs.16,65,090-00	Rs.4,00,000-00

The figures for 1963-64 would be about Rs.27,00,000/- of revenue and Rs.9,00,000/- expenditure in the case of Mysore North Division and Rs.18,00,000/- of Revenue and Rs.6,00,000/- of Expenditure in the case of Mysore South Division.

4. The following will be the administrative advantages, if ~~this~~ these revised proposals are considered and accepted:--

i) The timber and developmental works are more equitably distributed among the two Divisions;
ii) Revenue and Expenditure are more balanced;
iii) The jurisdiction are more compact and accessible;
iv) With the coming up of Kabini Project, and back-water, Begur Range becomes inaccessible as per the original proposal of the Western Division; whereas under the revised proposal with Nanjangud as headquarters for the South Division in which Begur is included, the Begur Range becomes accessible with the new road under construction from Saragur for easy inspection and control.

5. For the proposed Mysore South Division (preferably designated as Nanjangud Division) Nanjangud would be the headquarters of the Division and has the following advantages:--

i) As this Division has to manage Bandipur Game Sanctuary, tourists will have the advantage and convenience to get reservation etc., at the headquarters at Nanjangud since it is situated on the main Bangalore - Ooty Road.

ii) It is more or less equi-distant from all important parts of the Division.

iii) Inspection of the forest areas in Ainurmariguddi and Begur Ranges, to the South of Kabini, can be made with ease.

..4..

iv) The Timber depot at Nanjangud which would develop into a bigger one will be under the close supervision of the Divisional Forest Officer.

6. Further, it is understood that the decision has been taken to shift the present Magistrate Court at Nanjangud to Chamarajnagar in the immediate future and the court building, which is situated on the main road, would fall vacant. This being a Government Building and being suitable to locate the Divisional Forest Office, steps may please be taken to move the Government to secure this building for locating the Divisional Office.

7. In view of the early impending bifurcation of the Mysore Division into two Divisions, the above proposals may kindly be taken into consideration in preference to the original proposals and necessary action taken in the matter.

8. This matter was also discussed in person with the Hon'ble Minister for Forests at Mysore on 6th March 1965 and he was pleased to express his general agreement with the new proposals.

9. A sketch map showing the details etc., of the proposals is enclosed herewith.

Yours faithfully,

(S.N.Kerlahalli)
Divisional Forest Officer,
Mysore Division.

rsc.

Copy of the above is submitted to the Chief Conservator of Forests in Mysore, Bangalore, for kind information in order to avoid delay.

Copy to the Forest Sub-Division Officers, Heggadadevana Kote and Chamarajnagar for information.

118/167

MYSORE FOREST DEPARTMENT

N. S. KAIKINI, A.I.F.C.
Chief Conservator of Forests.

NEW PUBLIC OFFICES,
Bangalore-1, dated 22nd Mar 1965.

D.O. No. A2(b)-119-1487/RMD/64.

Dear Sri Basheer Ahmed,

DEPUTY SECRETARY TO GOVT. AGRICULTURE & FOREST DEPTT. 22 MAR 1965

Sub:-Reorganisation of Mysore Forest Division into two new territorial Divisions - Proposals for sanction.

Ref:-My D.O.letter of even No. Dated 12th March 1965.

- - - -

Further to the above and the discussions the Divisional Forest Officer, Mysore had with you and the Under Secretary to Government on 16-3-1965, I write to furnish the particulars asked for at the time of discussions.

AGRL & FOREST DEPT. RECEIPT 23 MAR 1965

(i) Para (3) of the report dated 10-3-1965 of the Divisional Forest Officer, Mysore, enclosed with my D.O. letter under reference details, the probable expenditure for 1963-64 in respect of the proposed Divisions.

Division.	Revenue Rs.	Expenditure. Rs.
Mysore North Dn.	27,00,000	200,000
Mysore South Dn.	18,00,000	6,00,000

(ii) As regards the retention or otherwise of the Wireless unit, it is since felt desirable to continue the unit and in view of this, the extra expenditure on the additional staff required to man the two Divisions under the reorganised set up, would increase from Rs.76,354-00 to 86,494-00 since since the annual expenditure on s taff attached to wireless unit (9 posts) would be of the order of about Rs.10140-00. This unit will be attached to Mysore South Division (Nanjangud Division).

(iii) Regarding the ~~at~~ merger of the Wild Life Unit under the reorganised set up, I have reiterate that as already observed there is no whole time work for the Wild Life Officer and other s-taff attached thereto and much less cooperation between the territorial staff and the Wild Life staff. For a proper coordination and to make the tourist centre (Bandipur Game Sanctuary) more enjoyable to tourists, I feel there is every necessity for the merger of the unit in the reorganised set up and to have this unit attached to Mysore, South Division i.e. ~~Mysore~~ Nanjangud Division. Reference is invited in this connection to Government Order No.16003-16408-CB-69-50-4 dated 6-2-1951, furnished herewith, wherefrom it may be seen that para 7 relates the maintenance of Tiger Preserves and wireless unit, as a liability of the State Government. Even if this unit is merged under the reorganised set up, I would assure Government that all the facilities that were being extended to His Highness the Maharaja of Mysore in respect of Shikar, by the Wild Life Unit, would be extended as heretofore. In view of the letter of the Huzur Secretary to His Highness the Maharaja of Mysore, I leave it to Government to take a decision as to whether the Wild Life Unit should be retained as a separate unit, as is now existing (in which case, the extra annual expenditure on staff indicated above would increase by another Rs.4471-00) or whether the said unit be merged with the Division to be newly formed (Nanjangud Division). If Government decide that this unit should be retained the additional complement of

...2.

staff asked for gets correspondingly reduced.

(iv) Revised statements received from the Divisional Forest Officer, Mysore with his letter No.EST/GC/82-122/62 dated 19-3-1965 are enclosed herewith for perusal.

(v) The Rounds indicated against the proposed Hediyala Range, (excepting the newly proposed Round at Desipur) were formerly under Gundlupet Range.

Early orders are requested.

Yours

To

Shri Syed Basheer Ahamed.I.A.S.
Deputy Secretary to Government
Agriculture & Forest Deptt.
Bangalore.

169

No.ESTGL.52.122/62-63.

DIVISIONAL FOREST OFFICE
Mysore Division,
Mysore,
Dated: 19th March 1965.

To

The Chief Conservator of Forests,
in Mysore, Bangalore.

Sir,

Sub:-Reorganisation of Mysore Forest Division into two new territorial Divisions - Proposal for -

Ref:-Your letter No.A2(b)119-1487.RMD/64 dated 16-3-65.

- - - -

I write to state that all rounds except Desipur which is a new round proposed are existing in Gundlupet Range.

2. The three statements which require recasting have been recasted and enclosed.

3. It is a matter of policy whether to retain it (Wild Life & Wireless) or absorbed in the regular cadre. If retained one more Assistant Conservator of Forests Post will have to be retained and the Wild Life and Wireless units will have to be continued as at present and they will be attached as recommended in my letter dated 10-3-65. If abolished they will have to be deleted from the respective Division and to that extent, the expenditure will get reduced. The copy of Government order enclosed for his personal.

A2(i)

4. Regarding the expenditure, para 3 of my letter dated 10-3-65 details the deposition.

19/3

19 MAR 1965

5. The Building belongs to Judicial departments and the shifting of the court has been decided. It is requested that Government may be moved to make use of the building to this Department. In case this is not feasible, the head quarters of South Division (Nanjungud Dn.) will be continued in Mysore Dn. until the department is able to get the rented building or any other alternative arrangements. This will also facilate sorting of records etc.

6) Regarding para 6 of your letter dated 16-3-65, reference is invited to my reply against para 3 supra.

Yoursfaithfully,

18/3.

(S.HIKORLHALLI)
DIVISIONAL FOREST OFFICER
MYSORE DIVISION
MYSORE.

GOVERNMENT OF MYSORE.

No.16003-16408-C.B.69-50-4 dated 6th.February '51.

PALACE ~~MEMEN~~ DEPARTMENTS.

Liability of G overnment for bearing expenditure on:-

Read:

Government order No.FI.10885-92-G.F. 195-48-2 dated 11-14th June 1949 directing that the charges in respect of establishments noted below, hither to debited to the Palace Civil List, be transferred to the control of the respective Departments of Government with effect from 1st. July 1949 and authorising the Heads of Departments concerned to take control of these establishments and present bills direct to the Audit Departments according to prescrib ed rules.

1) Jillo Forces.
2) Palace Gardens.
3) Zoological Gardens.
4) Palace Despensary.
5) Palace Electrical Department.
6) Chamundi Gymkhana.
7) Jagan Mohan Palace Chitrasala.
8) Sri Chamarajendra Ursu Boarding School.
9) Sri Vani Vilas Ursu Girls School.

2. Government Order No.1801-24-C.B.69.50-1 dated 11th. May 1950 directing that the Jagan Mohan Palace Chitrasala, and the Chamundi Gymkhana Departments may continue under the management and control of the Palace, the expenditure being met from the Palace funds.

Order No.16303-16408-C.B. 69.50.4 dated Bangalore the 6th.Feb. 1961.

The question of the liability of the Government for bearing the expenditure on Palace Departments has been considered and the following decision have been reached.

1. The Palace Electrical Department has already been taken over by Government and will be merged with the Government Electrical Department.

~~2. The Government will incur expenditure up to a limit of Rs. 76,000 to general maintenance of the three Palaces at Mysore Bangalore and Hern Hill, Ootacamund.x~~

~~3. The Government will incur exp~~

2. Electricity and water will be supplied free of charge to the three Palaces at Mysore, Bangalore and Hern Hill, Ootacamund.

3. The Government will incur expenditure upto a limit of Rs. 76,000 to general maintenance of the three Palaces at Mysore, Bangalore and Hern Hill, Ootacamund.

4. Government will also incur expenditure upto a limit of Rs. 75,000 towards the maintenance of t-he gardens attached to the Palaces at Mysore Bangalore and Hern Hill, Ootacamund.

5. The Palace ~~of~~ Dispensary which has already been taken over will be merged with the Government Medical Department subject to services to the Palace being continued as at present.

6. The Shri Chamrajendra Zoological Gardens at Mysore will be maintained from out of the budget allotment for the Government Gardens Department.

7. The expenditure on the maintenance of the Tiger Preserve (including the maintenance and operation of the wireless sets) will be the liability of the Gov ernment and due provision will be made in this behalf in the budget of the Government Forest Department.

8. The Palace Elephants will be transferred to the Government Forest Department, where they will be maintained. They will be made available for use b y His Highness on ceremonial and other occasions.

9. The Palace horses will be transferred to the Government maintenance out of the budget allotment of the Government Military Department. They must be made available for use by his Highness on ceremonial and other occasion.

No.16303-16408-C.B.69-50-4 dated 6th Feb.1951.

10. The expenditure in connection with the Dasara and Birthday celebration will be incurred at present. The expenditure on illumination on these occasions will be wholly charged on the State Revenue.

11. Muzrai grants to temples recognised as the private property of his Highness will continue to be paid as at present.

12. The control maintenance and management of the Sri Vani Vilas Ursu Girls's School and the Sri Chamarajendra Ursu Boarding School will be retransferred to the Palace, subject to the payment of the usual grants in aid as per rules.

13. A trust will be treated for the perpetuation of the objects with which the Maharaja's Sanskrit College was founded. Separate orders will issue in this behalf.

14. The Heads of Departments concerned will make arrangements in consultation with the Huz-ur Secretary to His Highness to take over the Palace Departments transferred to Government where this has not already been done or where this has been done only partially with effect from 15th. February 1951 under intimation to the Chief Secretary to Government and the Secretary to Government in the Department concerned. Separate orders will issue regarding the settlement of amounts due or the adjustment of accounts or other matters relating to the period prior to 15th.Feb.'51.

15. Any points of doubt or difficulty arising in connection with the above arrangements will be submitted for the orders of Government.

Sd.A.Srinivasan,
Chief Secretary to Gov t.

DIVISIONAL FOREST OFFICER
MYSORE DIVISION, MYSORE.

133 3

This figure may approximately add about 100 square miles of unculturable waste fit for soil conservation and afforestation purposes to be done under the Plan Schemes. In Mandya District many gomal and other areas have already been taken over by the Department and afforestation works have been completed.

Almost all the territorial units have got heavier work on hand as compared to the quantum of work handled about five years back. The following tabular statement which shows an area tackled under artificial regeneration by way of afforestation, would amply justify the proportional progressive increase in field work to be executed in the various units all of which are under the management and care of one Divisional Forest Officer at present.

a) Clearfelling fallowed by artificial regeneration:

Year		Area in acres
1957-58		112 Acres
1958-59	...	242 acres
1959-60	...	277 acres
1960-61	...	338 acres
1961-62	...	775 acres
1962-63	...	1,533 acres

b) Soil Conservation and Afforestation:

Year		Area in acres		Agave hedges in miles
1956-57	..	209 acres	..	--
1957-58	..	693 acres	..	--
1958-59	..	600 acres	..	7 miles
1959-60	..	588 acres	..	--
1960-61	..	600 acres	..	9 miles
1961-62	..	775 acres	..	6 miles
1962-63	..	787 acres	..	6 miles

Based on the above the yield of major and minor forest produces and their corresponding financial figures for the entire Division would become clear from a perusal of the following statement, which shows a progressively higher yield, consequently higher financial return and expenditure for reforestation and afforestation.

A. YIELD FIGURES

1. Timber extraction

Year	Quantity	Poles & Ballies
1958-59	2,94,036	48,221
1959-60	1,58,472	..
1960-61	1,42,230	84 Poles
1961-62	5,22,746	29
1962-63 (Part)	3,77,020	Partly measured and taken to stock.

B4 5

2) Firewood - (Prepaid licenses)

Year	From State Forests	From Dist. Forests
1958-59	59,988 tons	6,116 tons
1959-60	54,288 tons	5,415 tons
1960-61	40,228 tons	6,746 tons
1961-62	44,866 tons	7,784 tons
1962-63	60,315 tons	6,612 tons

B. REVENUE AND EXPENDITURE

Year	Revenue.	Expenditure
1955-56	13,41,118.83	4,31,084.75
1956-57	25,28,852.33	4,16,958.61
1957-58	33,13,363.46	4,50,631.01
1958-59	36,88,642.86	7,15,604.45
? 1959-60	35,89,342.45	19,23,914.53
1960-61	34,70,805.44	5,36,282.21
1961-62	38,01,615.32	7,47,150.41
1962-63	38,21,606.08	7,10,082.54

It is sufficiently evident from the above facts and figures that the over-all tempo of work has consequentially increased in recent times and this revised proposal of the two independent Divisions is mainly based to suit the management, protection, inspection and tour of officers of the proposed Divisions. Due regard has been taken in constituting the boundaries and the limits of the Divisions in such a way so as to include more or less a common type of working under the Departmental schemes and also to tap the timber yield to the nearest Sale Depots lying on common lines of export allof of which have been based on judicious thinking and economics in disposal of forest produces. In the new proposals, Chamarajanagar and Gundlupet Ranges have been each split up into two Ranges depending upon the intensity of working and the necessity for staff for increased protection.

Proposals for bifurcation of the existing Chamarajanagar Range into two Ranges namely Chamarajanagar and Punjur Ranges as per the Memo of Instructions of the Hon'ble Minister for Forests were submitted to Government by the Chief Conservator of Forests in Mysore, Bangalore, in his letter No. AD B.1896/63 dated 9.1.1964 and it is under consideration of Government. Regarding the bifurcation of the existing Gundlupet Range into two Ranges namely Hediyal and Gundlupet have been incorporated under the current proposals on hand.

(... 4)

1357

Further sub dividing of the Ranges into Rounds and Beats have also been proposed as per annexure No.I enclosed and also tentatively laid out on maps, mostly taking advantage of natural features like rivers, streams, roads, briddlepaths, D lines, spurs, ridges and valleys. This proposal of sub dividing a Range and also suggesting the Head Quarters for the round officers and beat officers is only tentative and is liable to be altered or changed by the territorial Divisional Forest Officers to suit the protection and management aspects after the new Divisions came into being. The areas under each beat and round some times varies in the proposed set up and I write to state that it has been examined in the light of various factors like the density and importance of forest, thefts and damages from which forests are susceptible and its location stratigically and the distance from the surrounding villages, etc., on these points the number of beats, rounds and x ranges are the minimum required for protection and management.

The list of Ranges showing the rounds and beats is as per annexure I appended hereto which may kindly be perused.

I further add that the Divisional Forest Officer, Mysore in the present set up has to invariably attend meetings like District Coordination Committee meetings of both Mysore and Mandya Districts and in addition he has to attend to the Zoo Advisory Committee meeting and the Kabini Rehabilitation Committee Meeting and various other meetings in which he would be called upon to attend every month. Besides this he has to attend on Very Important Personages visiting Bandipur Game Sanctuary and Ranganathittu Bird Sanctuary very often. Besides this, he has to conduct many sales periodically and inspect the offices of eighteen subordinate units (including Depots) every year. The inspection of theses offices alone takes considerable time and labour of the staff of the Divisional Forest Office which at present is far deficit in ministerial staff considering the present volume of work. A special mention about the correspondence pertaining to the management of the Sanctuary and arranging reservation of visitors is a whole time

(Contd... 5)

work for a clerk, will not be out of place and it is an extra curriculam of this unwieldy Division unlike other sister Divisions in the State. In addition to the office inspection said above, the Divisional Forest Officer, Mysore, has to inspect the Taluk Offices which in old Mysore area have the power to issue licenses for transporting of forest produce and maintain necessary accounts. This has to be done in respect of thirteen taluks falling due under the jurisdiction of the present Mysore Division. All this requires considerable number of ministerial staff.

At present I am having in this Divisional Office, six Accountants, six Clerks, one Typist, three peons and I candidly say that the work on hand would require double the number of office staff excluding the Forest Surveyors and Draughtsman. It will not be out of place if I attempt to say that the office work that has naturally lagged behind is only due to the heavy ministerial work which the present staff is not in a position to dispose of in the manner that is expected, even though many of the staff members happen to work on Sundays and other holidays. It is unusual that this Division is not equipped with a Forest Surveyor and a Draughtsman as in the case of other important like Divisions doing timber exploitation and artificial regeneration work.

Since the Divisional Forest Officer's attention has to be bestowed more on out-door field work than what has been said before now, it is certain that all the 19 units cannot be efficiently and satisfactorily looked after by one Divisional Forest Officer whose attention is taken by various routine commitments and miscellaneous non-technical interferences that come in the web of this Division time to time.

In the light of all the facts discussed above I would suggest that it is not feasible to have more than 6 to 7 territorial units in a Division and hence, I propose that the present Mysore Mysore Forest Division may be divided into two independent Divisions as detailed below and request you kindly cause to move the Chief Conservator of Forests in Mysore, Bangalore, to move

(... 6)

137 11

Government for according sanction for the bifurcation of the Division into two independent Divisions and communicate orders early. The present Forest SubDivisions may be abolished and each Divisional Forest Officer be given a Gazetted Assistant to assist him in his duties. Maps follow.

Yours faithfully,

Sd.

(G.R. Mavinkurve)
Divisional Forest Officer
Mysore Division

rao.

Copy transmitted to the Private Secretary to the Hon'ble Minister for Forests, Vidhana Soudha, Bangalore, for favour of placing before the Hon'ble Minister, for perusal with reference to his instructions issued on 26.1.64.

Divisional Forest Officer
Mysore Division

DIVISIONAL FOREST OFFICER
MYSORE DIVISION, MYSORE

No.EST-52-122/62-63

7.2.64

149

To

The Conservator of Forests,
Coorg Circle, Mercara.

Sir,

Sub: Revised proposals with regard to recasting of the management units of the Mysore Forest Division (Ranges) into two independent Forest Divisions -

Ref: Your letter No.EST-112-11962/62, dated 4-12-1962 and subsequent reminders -

....

Further to this office letter of even No. dated 5-2-1963 submitting proposals for recasting of Beats, Rounds and Ranges in the Mysore Forest Division, I write to state that it has been felt quite some time back that the work in this Division both at office and the field has considerably shot up especially with the advent of the implementation of the various developmental forestry schemes, in addition to the routine curriculam and executive duties for reasons of its own which was already heavy.

The present Mysore Forest Division embraces Mysore Revenue District excluding Periyapatna, Hunsur and Krishnarajanagar and Kollegal Taluks and Mandya Revenue District excluding Malavalli Taluk, thus the present over-all land area of the Mysore Forest Division spreads widely over 4,182 squarem miles which is rather unwieldy for one administrative unit officer for purpose of inspection and control management and efficient control especially when problem of smuggling both intra and inter-State smuggling has become rampant.

The effective existing area of State Forest and Reserved forest lands in the Mysore Forest Division amounts to 655.67 square miles (excluding B.R.T. Forests). As the recent Government directive that all unculturable Reserved and Gomal waste lands not fit for purpose of agriculture have been proposed to be taken over by the Forest Department in various taluks falling in the present Forest Division.

Sri A.C.

This is a subject to be examined by Prof. A. Sarma or is a matter of Divisions.

Sri K)

Proceedings of the Government of Mysore

Read— Correspondence ending with D.O. letter No. A2(b)-119-1487/RMD/64 Dt 22-3-65 from the C.C.F. in Mysore State.

Order thereon.—No. AFD 39 FEG 64.

Dated. 5-4-65.

The C.C.F has submitted proposals for the Reorganisation of the Mysore Forest Div into two independent Divisions. The main object of the re-organisation is to bring about effective administrative control & efficient protection & management of forests.

Order

After examining the proposal in detail, Govt are

pleased to accord sanction to the reorganisation of Mysore Forest Div. into two independent territorial Forest Divisions for a period of ~~year~~ one year. ~~w.e.f. 1-4-1965.~~

The two Forest Divisions will be called Mysore North Div. with Head Quarters at Mysore and Mysore South Div. with Head Quarters at Chamarajnagar.

Sanction is also accorded to the creation of one more Range viz Hediyala Range, raising the existing strength of 12 Ranges to 13 Ranges. The distribution of 13 Ranges and other units between the two new Divisions will be as under.

Mysore North Div. (Mysore Div.)	Mysore South Div. (Chamarajnagar Div.)
1) Kakankote Range.	(1) Begur Range
2) Heggadadevanakote Range.	2) Nimmarigudi Range
3) Mysore Range.	3) Gundlupet Range
4) Mandya Range	4) Bandipur Range.
5) Nagamangala Range	5) Chamarajnagar Range
6) Yerehalli Govt Timber Depot.	6) Punjur Range.
7) Govt Wood Yard & Sandalkoti.	7) B.R.T. Range
8) Veterinary Inspector I/c of Elephants.	8) Hediyala Range.
9) Divisional Squad.	9) Nanjangud Timber Depot.
10) Wireless unit.	10) Chamarajnagar Timber Depot.

MYSORE FOREST DEPARTMENT

G.M. Shankaraiah. B.Sc., A.I.F.C.
Technical Assistant to the
Chief Conservator of Forests.

NEW PUBLIC OFFICES,
Bangalore-1, dated 8th April 1965.

D.O. No. A2(b)-119-1487/64.

Dear Sir,

DEPUTY SECRETARY TO GOVT.
NO.....
8 APR 1965
AGRICULTURE & FOREST DEPTT.

Sub:-Reorganisation of the Mysore Forest Division into two independent Divisions.

Ref:-Government Order No.AFD-39-FEG-64 dated 5-4-1965.

- - - -

I am desired to invite your reference to the aforesaid Government Order and to state that the proposals for the reorganisation of Mysore Forest Division enjoined the abolition of the Chamarajanagar Sub Division and the utilisation of the post of Assistant Conservator of Forests attached to the present Heggadadevana Kote Sub-Division as Assistant to the Divisional Forest Officer, Mysore South Division since Government have decided to continue the Wild Life unit separately as heretofore. This would make it necessary to issue a modification to Government Order, cited above, indicating that the Forest Sub Division at Heggadadevana Kote, stands abolished and that the post of the Assistant Conservator of Forests attached thereto is continued and attached to Chamarajanagar Dn. as Assistant to that Divisional Forest Officer. In this connection, reference is invited to Government Notification No.AFD-38-FEG-65 dated 6-4-1965, wherefrom orders posting Shri B.Natarajan Probationary Assistant Conservator of Forests as Assistant to the Divisional Forest Officer, Chamarajanagar Division. The Officer now working as Forest Sub Division Officer, Heggadadevana-Kote Sub. Division will have to be shifted and posted elsewhere.

have been relieved

2. It had been clearly indicated earlier that if Government were to decide that the Wild Life Unit should be continued instead of its being merged under the reorganised set up, the complement of additional staff proposed would get corresponding reduced. In view of the fact that Government have ordered the continuance of the Wild Life Unit, I have instructed the Conservator of Forests Mercara and the Divisional Forest Officer, Mysore not to fill up the corresponding number of posts out of the sanctioned additional complement of staff.

Yours Sincerely
G.M. Shankaraiah

Sub:- Reorganisation of the Mysore Forest Division into two independent Forest Divisions

PROCEEDINGS OF THE GOVT.OF MYSORE

ORDER NO. AFD 39 FEG 64

Dt.Bangalore 29 April 1965

READ:

1. G.O.No. AFD 39 FEG 64 dt. 5-4-1965, P201/C
2. D.O.letter No. A2(b)-119-1487/64 dated 8th April 1965, from the T.A. to the CCF,Bangalore. P213/C

ORDER

In Government Order read at (1) above, sanction has been accorded for the re-organisation of Mysore Forest Division into two independent Forest Divisions viz: Mysore North Division with Headquarters at Mysore and Mysore South Division with Headquarters at Chamarajanagar.

As a result of the re-organisation of the Mysore Forest Division into two independent Forest Divisions, the Forest Sub-Divisions at Chamarajanagar and the Forest Sub Division at Heggadadevanakote are abolished.

ISSUED Date 1.5.1965

Consequent on the abolition of the Forest Sub Divisions, only one post of an Assistant Conservator of Forests working as Sub-Divisional Forest Officer, Chamarajanagar is abolished and other post of an A.C.F. attached to the Heggadadevenakote Sub Division is continued and attached to the Chamarajanagar Division as Assistant Conservator of Forests and Assistant to the Divisional Forest Officer, Chamarajamagar Division. The other ministerial staff attached to these two sub-divisions should continue and the CCF should take action to distribute them according to the needs of each of the new Divisions taking into consideration the additional staff sanctioned in the G.O. read above.

1) File no GAD 44 GFS 63 placed below deals with the deputation of Sri Shanmugandas Dy Conservator of Forests to France for Trg in Forestry under French Govt Scholarships

flag 'O'

AFD 5080/64/FA

2) In G.O. No. GAD 44 GFS 63 dt 25-4-63 sanction was accorded to the deputation of Sri Shanmugandas D.F.O to France for specialised Trg in Forestry for a period of one year.

3) In view of the above G.O. Sri S was relieved from the charge as Dy. Forest Officer on 13-5-64 F.N. But due to the delay in finalising the Trg programme he left India on 7-9-64

4) Sri S. has represented to C.C.F re the period of his Trg in France. According to him, he was informed by the GoI the the Trg period finalised to the extent of 8 months only and on reaching Paris he was informed that the period of his trg extended to 11 months. He is ∴ of the opinion that the period of Trg for 11 months would be too long a period on the following reasons

(a) With the earlier background, he had the Trg of the same kind, in view of his connection, the French Instt at Pondecherry

(b) he has badly hit financially by arranging one way fare to Paris at his own cost.

Note.—Continue sheet

AFD 50 80/FA64

	Serial No.
C). he is eligible only for half-average pay (after first 6 months) which renders him difficult to manage his family in India.	
While forwarding a copy of letter of Sri Shane Gundar, the C.S.F. has recommended to move the G.O.I to adjust the Trg period only for 8 months instead of 11 months.	5
As seen at 'A' on P69/CF (GAD file placed below) which is a Tele from Sri 'S' addressed to G.O.I on 25-2-64 that the Trg Course of 10 months was accepted by him.	6
Pl perusal the remarks of the G.S. GAD at P137/NF (file placed below) This Dept may perhaps agree with the remarks of the GAD vide P 137/NF in G.A.D. file no GAD44 GFS63. For orders.	7.
8/12 9/12 The Views of G.A.D at Para 137 N.7 in the file may kindly be seen. We may agree with the same, as it is not quite appropriate to write to the G.O.I to curtail the period of training fixed by French Govt. The Scholar will certainly be benifited if he gets the training.	8

French Government scholarships for specialised training 1963-64.
